Introduction to HCAHPS Survey Training

February 2019
Welcome!

HCAHPS Training Objectives:

- Explain purpose and use of HCAHPS Survey
- Provide instruction on managing the survey
- Discuss modes of survey administration
- Instruct on sampling, data preparation, data submission, and public reporting
- Review oversight and quality checks activities
Introduction to HCAHPS Survey Training

Quality Assurance Guidelines

• This presentation is based on the HCAHPS Quality Assurance Guidelines (QAG) V14.0
  – QAG V14.0 will take effect October 1, 2019, applying to all patients discharged October 1, 2019 and forward

• Survey vendors and hospitals are responsible for reviewing and familiarizing themselves with all of content in the QAG
Introduction to HCAHPS Survey Training

Background of the HCAHPS Survey
Introduction to HCAHPS Survey Training

Overview

• Background and Development of HCAHPS
• Composition of the Survey
• Roles and Responsibilities
The Name of the Survey

- Official name: **CAHPS® HOSPITAL SURVEY**
- Also known as **Hospital CAHPS®** or **HCAHPS**

Pronounced “H-caps”

CAHPS® is a registered trademark of the Agency for Healthcare Research and Quality, a U.S. Government agency.
The Method of HCAHPS

- Ask patients (survey)
- Collect in standardized, consistent manner
- Analyze and adjust data
- Publicly report hospital results
- Use to improve hospital quality of care
HCAHPS 101

Participating Hospitals:

- Short-term, acute care hospitals
  - "General Hospitals" (AHA)
    - IPPS and Critical Access Hospitals
      - IPPS hospitals penalized if don’t participate
      - PPS-Exempt Cancer Hospitals can voluntarily participate
- Excludes pediatric, psychiatric and specialty hospitals
How the Survey is Administered

Participating hospitals, second quarter 2018 (4,554):

- Mail: 2,893 hospitals; ~ 64%
- Telephone: 1,654 hospitals; ~ 36%
- Mixed Mode: 2 hospitals; 0.04%
- IVR: 5 hospitals; 0.11%
Who Administers the Survey

Second quarter 2018:
- 28 Approved survey vendors
  - 99.84% of surveys
- 38 Self-administering hospitals
  - 0.07% of surveys
- 1 Multi-site hospital
  - 0.09% of surveys
HCAHPS Never Rests

- April 2019 publicly reported scores are based on approximately **3 million completed surveys** from patients at **4,482 hospitals**
- **Every day** almost 8,000 patients **complete** the HCAHPS Survey
Composition of HCAHPS Survey

HCAHPS contains **29 items** *(for October 1, 2019 Discharges and Forward)*:

- **Items 1-22**: Core of HCAHPS (22 questions)
  - Beginning of survey; do not alter; keep together
    - 19 substantive questions
    - 3 “screener” items

- **Items 23-29**: “About You” (7 questions)
  - Follow the Core questions; keep together; do not alter
Example of HCAHPS Survey Items: “Your Care From Nurses”

1. During this hospital stay, how often did nurses treat you with courtesy and respect?
   1. Never
   2. Sometimes
   3. Usually
   4. Always

2. During this hospital stay, how often did nurses listen carefully to you?
   1. Never
   2. Sometimes
   3. Usually
   4. Always

3. During this hospital stay, how often did nurses explain things in a way you could understand?
   1. Never
   2. Sometimes
   3. Usually
   4. Always
Introduction to HCAHPS Survey Training

Roles and Responsibilities

Hospitals

- Comply with all HCAHPS Survey protocols (whether self-administering or contracting with an approved survey vendor)
- Produce patient discharge list with complete administrative data in a timely manner
- Use survey versions in the language of patients
- Review data warehouse reports
- Do not influence patients about HCAHPS Survey
  - Communication with patients
  - Concurrent surveys
Roles and Responsibilities (cont’d)

Hospitals Using a Survey Vendor

- The **Vendor’s role** in data collection and submission:
  - Create sample frame of eligible discharges
  - Draw sample of eligible patients and administer survey
  - Submit HCAHPS data in standard format via the QualityNet Secure Portal
  - Monitor data submission reports
    - Including HCAHPS Data Review and Correction Report
  - Comply with oversight process, including site visits
  - Conduct ongoing quality assurance activities
    - Including data quality checks
  - Monitor HCAHPS Web site for updates
Roles and Responsibilities (cont’d)

CMS: Support, Report & Oversight

- Provide training and technical assistance
- Accumulate, clean and adjust data
- Calculate and publicly report results, including Star Ratings
- Analyze results
- Provide scores to CMS programs, such as Hospital Value-Based Purchasing (VBP)
- Oversee all survey processes, survey vendors and self-administering hospitals
Using HCAHPS Scores for Intra-Hospital Comparisons

- HCAHPS was designed and intended for *inter-hospital* (hospital-to-hospital) comparisons
  - Identified by CMS Certification Number (CCN)

- CMS does **not** review or endorse the use of HCAHPS scores for *intra-hospital* comparisons
  - Such as comparing a ward, floor or individual staff members
  - Such comparisons are unreliable unless large sample sizes are collected at the ward, floor, or individual level
  - HCAHPS questions do not specify individual doctors/nurses
Introduction to HCAHPS Survey Training

Unofficial use of HCAHPS Survey

• The HCAHPS Survey results are not intended to be used for marketing or promotional activities
  – Only the HCAHPS scores published on the Hospital Compare Web site are the “official” scores
  – Scores derived from any other source are “unofficial” and must be labeled as such

• The HCAHPS Survey and the questions that comprise it are in the public domain and thus can be used outside of official HCAHPS purposes (e.g., for non-HCAHPS eligible patients, etc.)
  – However, when used in an unofficial capacity
    • The HCAHPS OMB language must not be used
    • All references to “HCAHPS” must be removed
    • The copyright statement for the Care Transition Measure (CTM) items must be used
Advertising Guidelines

• The Hospital Compare Web site is the official source of HCAHPS results
  – Reports created by survey vendors or others that mention anything other than the official HCAHPS scores, such as estimates or predictions, must note that such scores or results are “unofficial.” This is done in two ways:
    • The introduction or executive summary of such reports must include the following statement:
      – “This report has been produced by [Survey Vendor] and does not represent official HCAHPS results, which are published on the Hospital Compare Web site (https://www.medicare.gov/hospitalcompare).”
    • Each page of the report where unofficial results are displayed (print or electronic) must contain the following statement:
      – “This report has been produced by [Survey Vendor] and does not represent official HCAHPS results.”

• CMS does not endorse hospitals or survey vendors
  – Or commercial Hospital VBP tools, etc.

• Hospital Compare is designed to provide objective information to help consumers make informed decisions about hospitals
Participation and Program Requirements
Participation Overview

- HCAHPS Web site and Technical Support
- Rules of Participation
  - Step 1: Introduction to HCAHPS Survey Training
  - Step 2: Program Participation Form and Teleconference
  - Step 3: The QualityNet Secure Portal Registration
  - Step 4: Data Collection
  - Step 5: Participate in Oversight Activities
  - Step 6: Public Reporting
  - Step 7: Future Update Training
- Minimum Requirements
HCAHPS Web site and Technical Support

http://www.hcahpsonline.org

• Official web site for content, announcements, *HCAHPS Bulletins*, updates, reminders
• Monitor weekly for “What’s New”
• Quick links to Current News, Background, Participation, etc.
Introduction to HCAHPS Survey Training

Current News

- **HCAHPS 2019 Training Registration Now Open**
- Updated Hospital Survey Vendor HCAHPS Minimum Survey Requirements to Administer the HCAHPS Survey (Minimum Business Requirements)
- Updated 32-Question HCAHPS Mail Survey with OMB Expiration Date Now Available
- Extraordinary Circumstances Extension/Exception (ECE) due to California Wildfires
- The 29-item HCAHPS Survey is Now Open for 60-day Public Comment Period on the Federal Register
- CMS Introduces HCAHPS Survey Individual Question Top-Box Scores to the Summary Analyses Page
- Extraordinary Circumstances Extension/Exception (ECE) due to Hurricane Michael
- CY 2019 OPPS Final Rule Now Published
- Communication About Pain Measure Will Not Be Publicly Reported but Included in Preview Reports
- Important Changes to the HCAHPS Survey in 2019
- Hospital Compare Has Been Refreshed
- Summary Analyses Page Tables Have Been Updated
- The Star Ratings Distributions Have Been Updated
- Patient-Mix Coefficients for January 2019 HCAHPS Results Have Been Posted
- Star Ratings: January 2019 Technical Notes Have Been Posted
- **Updated Extraordinary Circumstances Extension/Exception (ECE) due to Hurricane Florence**
- **FY 2018 IPPS Final Rule Has Been Published**
- **HCAHPS Public-Reporting Periods for April 2018 Through July 2020 Have Been Posted**
- Self-Rated Mental Health to be Added to HCAHPS Patient-Mix Adjustment Model Beginning with July 2018 Discharges
- Updates to All Documents Pertaining to April 2018 Public Report and the Pain Management Composite
- Beginning With the July 2018 Public Report, CMS Will No Longer Report the HCAHPS Pain Management Composite Measure
- **HCAHPS Patient-Mix Adjustment for Service Line and Gender Have Been Posted**

Background
HCAHPS Technical Support

• Email: hcahps@hcqis.org
  – Hospital 6 digit CMS Certification Number (CCN)
  – Contact information
  – Hospital name

• Telephone: 1-888-884-4007
  – Hospital 6 digit CCN
  – Contact information
  – Hospital name
HCAHPS Technical Support

• QualityNet Help Desk
  – When opening a QualityNet Help Desk Incident Ticket for HCAHPS data-related issues, please forward the email correspondence with the Incident Ticket Number to the HCAHPS Technical Assistance email (hcahps@hcqis.org) for tracking purposes
Step 1: Introduction to HCAHPS Survey Training

Who is required to participate?
- Organizations intending to apply for approval to administer the HCAHPS Survey
  - Hospitals applying to self-administer HCAHPS
  - Hospitals applying to conduct HCAHPS for multiple sites
  - Survey vendors applying to conduct HCAHPS for client hospitals
  - Subcontractors and other organizations who would have responsibility for major survey administration functions
  - New project managers with currently approved organizations

Who is recommended to participate?
- New staff assigned to work on HCAHPS administration
- Hospitals contracting with a survey vendor or another hospital for survey administration
Step 2: Program Participation Form and Teleconference

- Available online at http://www.hcahpsonline.org
  - March 1, 2019 through March 22, 2019
- Who needs to submit a Participation Form?
  - Organizations intending to apply for approval to administer the HCAHPS Survey
    - Hospitals applying to self-administer HCAHPS
    - Hospitals applying to conduct HCAHPS for multiple sites
    - Survey vendors applying to conduct HCAHPS for client hospitals
  - Not required for hospitals contracting with survey vendor
Step 2: Program Participation Form and Teleconference (cont’d)

- Participation Form must be completed in its entirety
  - Organizations approved to administer the HCAHPS Survey must conduct all business operations within the United States, applicable to all staff and subcontractors
  - An applicant’s prior CAHPS Survey administration experience will be considered when reviewing Participation Forms
  - Additional explanations must be provided, if applicable
  - Staff assigned as key HCAHPS project staff must be identified
  - Subcontractors must meet the minimum requirements for the roles they are performing
Step 3: The QualityNet Secure Portal Registration

• Contact:
  – QualityNet Help Desk (hospitals)
  – HCAHPS Information and Technical Support (survey vendors)

• If already registered with QualityNet, register specifically for HCAHPS and obtain necessary roles
  – Contact QualityNet Help Desk for questions on how to complete the forms
    • qnetsupport@hcqis.org
Introduction to HCAHPS Survey Training

Step 4: Data Collection

- Hospitals/Survey vendors will:
  - Adhere to the HCAHPS QAG V14.0
  - Submit an Exception Request Form for consideration of approval for requesting variations to HCAHPS protocols
  - Review the compliance and the accuracy of their data collection processes
  - Alert HCAHPS Project Team to any discrepancies occurring during survey administration and submit a Discrepancy Report online via the HCAHPS Web site
  - Submit data by HCAHPS data submission deadline
Step 5: Participate in Oversight Activities

- Submit HCAHPS Quality Assurance Plan (QAP)
- Submit additional information as requested
- Comply with on-site visit requests
- Comply with conference call requests
- Implement corrective action(s), as necessary
Introduction to HCAHPS Survey Training

Step 6: Public Reporting

• HCAHPS results will be publicly reported on a quarterly basis on the Hospital Compare Web site (https://www.medicare.gov/hospitalcompare)

• The appropriate pledges must be signed and on file – Contact the QualityNet Helpdesk for more details
Step 7: Future Update Trainings

• As scheduled by CMS
• Details to be posted on http://www.hcahpsonline.org
• Required for all approved survey vendors, hospitals conducting survey for multiple sites, self-administering hospitals, subcontractors and other organizations
• Recommended for hospitals using a survey vendor
Minimum Business Requirements

1. Relevant survey experience (also applies to subcontractor)

   - Demonstrated recent (within the time period, as specified in the QAG) experience in fielding patient-specific surveys as an organization using requested mode(s) of administration
     - Number of years conducting patient-specific surveys
     - Number of years in business
     - Sampling experience
2. Organizational survey capacity
   - Capability and capacity to handle a required volume of surveys and conduct surveys in specified time frame
     • Personnel (*no volunteers are permitted*)
     • System resources
     • Sample frame creation
     • Survey administration
     • Data submission
     • Data security
     • Data retention and storage
     • Technical assistance/customer support
     • Organizational confidentiality requirements
Minimum Business Requirements (cont’d)

2. Organizational survey capacity (cont’d)
   – The following activities must be performed by staff directly employed by the organization approved to administer the survey
     • Sampling process
     • Data submission
3. Quality control procedures
   – Established systems for conducting and documenting quality control activities
     • In-house training for staff and subcontractors involved in survey operations
     • Quality control activities
       – Documentation and discussion
     • Data quality checks
       – Traceable data trail
       – Review of data files
       – Review of electronic programming code
       – Accuracy of data processing activities
   – QAP documentation requirements (update annually and as needed)
Minimum Business Requirements (cont’d)

- HCAHPS Minimum Business Requirements fully apply to all HCAHPS approved self-administering hospitals/survey vendors/multi-site hospitals for as long as the organization is approved to administer the HCAHPS Survey
- Includes maintaining adequate and sufficient resources (e.g., staffing, system resources, etc.) in order to fully comply with HCAHPS protocols, deadlines and HCAHPS Project Team requests
Introduction to HCAHPS Survey Training

Steps to Join HCAHPS in 2019

1. Complete HCAHPS Training requirements
2. Submit the HCAHPS Participation Form
   - Hospitals applying to self-administering HCAHPS
   - Hospitals applying to conducting HCAHPS for multiple sites
   - Survey vendors applying to conduct HCAHPS for client hospitals
   - Form available online, March 1, 2019
3. If approved, collect and submit HCAHPS Survey data on a continuous basis
Sampling Protocol
Introduction to HCAHPS Survey Training

Overview

- Steps of Sampling Process
- Methods of Sampling
- Quality Control for Sampling
- Sampling Facts
Introduction to HCAHPS Survey Training

Steps of Sampling Process

A. Population (All Patient Discharges)
B. Identify *Initially* Eligible Patients
C. Remove Exclusions
D. Perform De-Duplication
E. HCAHPS Sample Frame
F. Draw Sample

See *QAG V14.0, HCAHPS Sampling Protocol Illustration*
Step A: Population (All Patient Discharges)
Step B: Identify *Initially* Eligible Patients

**All Initially Eligible Patients**
- 18 years or older at the time of admission
- Admission includes at least one overnight stay in hospital
- Non-psychiatric MS-DRG/principal diagnosis at discharge
- Alive at the time of discharge

**Ineligible Patients**
- Record count of ineligible patients
Introduction to HCAHPS Survey Training

Step C: Remove Exclusions

Remaining Initially Eligible Patients

Exclusions
- “No-Publicity” patients
- Court/Law enforcement patients (i.e., prisoners)
- Patients with a foreign home address
- Patients discharged to hospice care
- Patients who are excluded because of state regulations
- Patients discharged to nursing homes and skilled nursing facilities
Step D: Perform De-Duplication

Remaining Initially Eligible Patients

Exclusions
- Household
- Multiple discharges

Ineligible Patients

Note: De-duplication must be performed using the sample frame, not the sample, within each calendar month, utilizing address information (or telephone number for Telephone, Mixed and IVR modes) and the patient’s medical record number (or other unique identifier).
Introduction to HCAHPS Survey Training

Step E: HCAHPS Sample Frame

Remaining Initially Eligible Patients from which Sample is Drawn
(Sample Frame)

Ineligible Patients

Exclusions
De-Duplication
Step E: HCAHPS Sample Frame (cont’d)

- Example of sample frame layout (Appendix P)
  - Strongly recommend that hospitals/survey vendors collect all of the elements from this layout
  - File content (i.e., All Patient Discharges or HCAHPS Sample Frame)
  - Total number of ineligibles
  - Total number of exclusions and number in each exclusions category
  - Total number of patient discharges

- Must maintain sample frame for a minimum of three years
Introduction to HCAHPS Survey Training

Step F: Draw Sample

- Eligible Patients
  - Not Selected in Sample

- Ineligible Patients
  - Exclusions
  - De-Duplication

Sampled Patients
Step F: Draw Sample (cont’d)

- Requirement: Obtain at least 300 completed HCAHPS Surveys in a rolling four-quarter period
  - Small hospitals
    - If cannot obtain 300 completed surveys, sample all eligible discharges
Step F: Draw Sample (cont’d)

- Why 300?
  - For statistical precision of the ratings, which is based on a reliability criterion
  - At least 300 completes ensures that the reliability for the publicly reported measures will be 0.80 or higher
  - Calculate sample size based on target of 335 completes
    - To ensure attaining 300 completes most of the time
Step F: Draw Sample (cont’d)

- Draw a random sample of eligible discharges on a monthly basis
  - Sampling may be daily, weekly, bi-weekly, or at the end of the month
  - Sample frame must include eligible discharges from the entire month
  - All eligible discharges must have a chance of being sampled
Step F: Draw Sample (cont’d)

• Draw sample for each unique CCN
• Hospitals that share CCN
  – At least 300 completes for CCN
  – All hospitals sharing one CCN must participate
  – Use same survey vendor
  – Use same mode of administration
  – Use same sampling type and frequency
Sample Size Calculation

• Estimate the proportion of patients expected to complete the survey:
  \[ P = (1 - I) \times R \]
  - \( I \) = proportion of discharged patients who are ineligible
  - \( R \) = expected response rate among eligible patients
  - \( P \) = the proportion of discharged patients who actually respond to the survey
Step F: Draw Sample (cont’d)

- How many patients need to be sampled to consistently produce at least 300 completes?

\[
\begin{align*}
C & = \text{Number of completed surveys targeted (335)} \\
N_{12} & = \text{Number of discharges to be sampled over 12 month period} \\
N_{1} & = \text{Number of discharges sampled each month} \\
N_{12} & = \frac{C}{P} \\
N_{1} & = \frac{N_{12}}{12}
\end{align*}
\]
Step F: Draw Sample (cont’d)

Example: Sample Size Calculation

Assumptions:

• ~17% of discharged patients will be ineligible for the survey
  – Source: National Hospital Discharge Survey
• ~26% of eligible patients will respond to the survey
  – Source: Current national average for HCAHPS
• Ineligible rates and response rates should be adjusted based on each hospital’s experience
Example: Sample Size Calculation

1. Estimate the proportion of patients expected to complete the survey:

\[ P = (1 - I) \times R \]

\[ = (1 - 0.170) \times 0.260 \]

\[ = 0.216 \]
Step F: Draw Sample (cont’d)

Example: Sample Size Calculation
2. Determine how many discharges are needed to produce 335 completes:

Per 12-month
\[ N_{12} = \frac{C}{P} \]
\[ = \frac{335}{0.216} \]
\[ = 1,551 \]

Per month
\[ N_1 = \frac{N_{12}}{12} \]
\[ = \frac{1,551}{12} \]
\[ = 129 \]
Step F: Draw Sample (cont’d)

- Should estimate I and R from hospital’s own data
- Should adjust the target in subsequent quarters if not regularly obtaining at least 300 completed surveys
  - Sampling rates should be consistent among the months in a given quarter
Step F: Draw Sample (cont’d)

- If More than 300 Completed Surveys:
  - Do not stop surveying when a total of 300 is reached
  - Continue to survey every patient in the sample
  - Surveying must continue even if hospital’s predetermined target (quota) has been met
  - Full protocol for each mode of administration must be completed
  - Submit the entire sample
Step F: Draw Sample (cont’d)

• If Less Than 300 Completed Surveys:
  – Attempt to obtain as many as possible
  – Survey all eligible discharges
  – All hospital results will be publicly reported on Hospital Compare Web site
  – The lower precision of scores based on less than 100 and less than 50 completed surveys will be noted in public reporting
Methods of Sampling

• **Option 1: Simple Random Sample (SRS)**
  – Group of patients randomly selected from a larger group
  – Census sample of all eligible patients is considered a simple random sample
  – *All patients have equal probability of selection (equiprobable)*
Methods of Sampling (cont’d)

• SRS Example 1: Daily simple random sampling throughout the month
  – Based on randomly sorting each day’s eligible discharges and sampling 40% from each day
  
  **Day 1:**
  – 10 eligible discharges are randomly sorted, then numbered 1 through 10
  – 4 patients (40%) would be selected for Day 1
  – Since patients are randomly sorted, the first 4 patients are chosen
  
  \[1, 2, 3, 4, 5, 6, 7, 8, 9, 10\]

  **Day 2:**
  – 8 eligible discharges are randomly sorted, then numbered 1 through 8
  – 40% of 8 patients is 3.2, which rounds to 3 patients
  – Again, since random sorting was performed, the first 3 patients are selected
  
  \[1, 2, 3, 4, 5, 6, 7, 8\]
Methods of Sampling (cont’d)

• SRS Example 2: Census sampling
  – Hospital chooses to sample all eligible discharges
    • Each patient has an equal chance (100%) of being included in the sample and the patients are not stratified in any manner
  – Hospital has 80 eligible discharges for a given month
    • Each of the 80 eligible patients is included in the hospital’s HCAHPS sample
Methods of Sampling (cont’d)

• Option 2: Proportionate Stratified Random Sample (PSRS)
  – Patient discharge population divided into strata
    • Due to sampling (by day or by week)
    • Divided by hospital unit, or floor, etc.
    • Multiple hospitals share the same CCN and the random sample is drawn separately from each hospital before each hospital’s data are combined
  – Same sampling ratio applied to each stratum
    • All eligible discharges have equal probability of selection (equiprobable)
  – Exception Request Form not required
Methods of Sampling (cont’d)

- **PSRS Example 1: Weeks—Strata are defined as weeks within a month**
  - Sample is pulled each week, creating 5 strata: Wk1, Wk2, Wk3, Wk4, Wk5
  - Even though the number of eligible discharges differs across the five weeks, the same proportion (or percentage) of “sampled” discharges is used each week
  - 20% of eligible discharges are randomly pulled from each stratum
  - Results in different number sampled from each week, but each eligible discharge had an equal chance of being chosen

<table>

<td>10</td>
<td>0.20</td>
<td>10 * 0.20 = 2</td>
</tr>
</tbody>
</table>
• PSRS Example 2: Hospital Units—Strata are defined as units within a hospital
  – Sample is pulled from three units, creating 3 strata: Unit 1, Unit 2, and Unit 3
  – Even though the number of eligible discharges is different in each of the three units, the same sampling ratio is used for each unit
  – 30% of eligible discharges are randomly pulled from each stratum
  – Results in different number sampled from each unit, but each eligible discharge had an equal chance of being chosen

<table>

<td>3</td>
<td>400</td>
<td>0.30</td>
<td>400 * 0.30 = 120</td>
</tr>
</tbody>
</table>
Methods of Sampling (cont’d)

• **Option 3: Disproportionate Stratified Random Sample (DSRS)**
  - Patient discharge population divided into strata
  - **Dissimilar sampling ratio** applied to each stratum
    - *Some patients have higher probability of selection (not equiprobable)*
  - Sample a minimum of 10 eligible discharges in every stratum in every month
  - Additional information collected to weight data
  - Exception Request Form must be submitted for CMS review and approval
Methods of Sampling (cont’d)

• DSRS Example 1: Hospital Units—Strata are defined as units within a hospital
  – A sample is pulled for three units in each month, creating three strata: Unit 1, Unit 2, and Unit 3
  – Even though the number of eligible discharges is different in each of the three units, the same number of eligible discharges from each unit is selected
  – Ten eligible discharges are randomly pulled from each unit
  – The number of eligible discharges selected for the sample does not result in the same proportion of discharges across the three units

<table>

</table>
Population, Sample Frame and Sample

Hospital Population (All Patient Discharges) = 1 + 2 + 3 + 4 + 5

HCAHPS Sample Frame = 1 + 2

Sampled Patients = 1
Quality Control for Sampling

- Receipt of patient discharge list
  - Within 42-day initial contact period
  - Secure file transfer
- Application of eligibility and exclusion criteria
- Method used to determine HCAHPS Service Line
- Update patient discharge information
- All patients have opportunity to be selected
Key Sampling Facts

• Same sampling type must be maintained throughout the quarter
• Sample must include discharges from each month in the 12-month reporting period
• HCAHPS sample drawn first if multiple surveys administered
• Do not stop sampling/surveying if 300 completed surveys are attained
Introduction to HCAHPS Survey Training

Survey Administration
Introduction to HCAHPS Survey Training

Overview

• Survey Management
• Survey Instruments and Materials
• Supplemental Questions
• Modes of Survey Administration
  – Mail Only
  – Telephone Only
  – Mixed Mode (Mail with Telephone Follow-up)
  – Active Interactive Voice Response (IVR)
Survey Management

• Establish survey management process to administer survey (Section V QAG V14.0)
  – System resources
  – Customer support lines
  – Personnel training
  – Monitoring and quality oversight
  – Safeguarding patient confidentiality and privacy
  – Data security
  – Data retention
  – Disaster recovery plan
Survey Management (cont’d)

• System resources
  – Adequate physical plant resources available to handle survey volume
  – Survey system to track sampled patients through the data collection protocol
    • Store the sample frame
    • Track key events
    • Assign random, unique, de-identified IDs and match to outcome for each sampled patient
Survey Management (cont’d)

- Requirements for hospital/survey vendor customer support telephone lines
  - Survey vendor must maintain a toll-free customer support line
  - Telephone staffed live during business hours
  - Voice mail is acceptable “after hours,” but must be regularly monitored and replied to within one business day
  - Voice mail recording must specify that the caller can leave a message about the HCAHPS Survey or hospital survey
  - Database or tracking log of calls maintained
• Customer support lines provided by hospitals that contract with survey vendors
  – The survey vendor is responsible for monitoring the hospital’s customer support line, **at a minimum on a quarterly basis**
  – Blind calls are placed to each hospital client’s customer support line to check the accuracy of responses to questions and to assess hospital compliance with HCAHPS customer support guidelines
  – Questions from Appendix O, Section I of *QAG V14.0*, should be used during the quarterly monitoring/assessment activity
  – Hospitals/Survey vendors must document questions and responses
Introduction to HCAHPS Survey Training

Survey Management (cont’d)

• Personnel training
  – HCAHPS project staff (no volunteers permitted)
    • Customer support
    • Mailout and data entry
    • Telephone interviewers/IVR operators
    • Programmers
  – Monitoring and quality oversight of staff
    • Ongoing monitoring of staff and subcontractors
    • System to evaluate patterns of errors
    • Detection and correction of performance problems
    • Documentation of QA activities
Survey Management (cont’d)

• Safeguarding patient data
  – Follow HIPAA guidelines
  – Obtain confidentiality agreements, which contain language related to HIPAA regulations and the protection of patient information, from staff and subcontractors who have access to confidential information
    • Review and re-sign periodically at a minimum of every 3 years
  – Establish protocols for identifying security breaches and instituting corrective actions
Survey Management (cont’d)

- Safeguarding patient confidentiality
  - Protocols must be established to limit the use or disclosure of protected health information to the minimum necessary to accomplish the intended purpose
  - Ensure that the identity of patients who respond to the HCAHPS Survey is not shared with hospital direct care staff
  - Direct care staff should not be able to identify the individual patients who provided survey responses
  - Social Security numbers must not be used to identify patients and must not be included in HCAHPS discharge lists that are sent to survey vendors
Survey Management (cont’d)

• Data security
  – Establish protocols for secure patient discharge file transfer from hospitals
    • Emailing of PHI via unsecure email is prohibited
  – Recommend that hospital’s HIPAA privacy officer confirm that hospital’s transmission method for patient discharge files are in compliance with HIPAA regulations
  – HCAHPS Survey question responses are confidential and private, and are de-identified in submission to CMS
Survey Management (cont’d)

- Physical and electronic data security guidelines
  - Returned mail surveys and electronically scanned questionnaires are stored in secure and environmentally controlled location
  - All HCAHPS-related files, including patient discharge files, must be retained for a minimum of three years
  - Firewalls and other mechanisms are employed for preventing unauthorized system access
  - Access levels and security passwords are used to safeguard sensitive data
Introduction to HCAHPS Survey Training

Survey Management (cont’d)

• Physical and electronic data security guidelines
  – Physical and electronic data files must be easily retrievable regardless of whether they have been archived
  – Backup procedures are in place to safeguard system data
  – Frequent saves are made to media to minimize data losses
  – Electronic data backup files must be tested quarterly
  – Security safeguards for physical location
  – Disaster recovery plan in place
Survey Instruments and Materials

• HCAHPS Survey *(for October 1, 2019 Discharges and Forward)*
  – 29 question survey
    • Questions 1-22 are Core questions
    • Questions 23-29 are “About You” questions
  – Mail questionnaire, translations and materials found in QAG Appendices A through G
  – Telephone and IVR scripts and translations found in QAG Appendices H through M
Communicating with Patients about the HCAHPS Survey

• Hospitals are allowed to inform and encourage all patients that they may receive the HCAHPS Survey after discharge asking about their stay in the hospital
  – However, cannot show the HCAHPS Survey or cover letter to patients prior to discharge from the hospital

• Hospitals may use posters or other written communications to notify patients that they may receive a survey and inform patients of the importance and value of their participation in the survey

• Hospitals are not allowed to introduce bias to survey results
Program Requirements

• Guidelines for using other hospital inpatient surveys with HCAHPS
  – HCAHPS should be the first survey patients receive about their hospital experience
  – Questions must not resemble any HCAHPS items or their response categories
  – Refer to HCAHPS Bulletin Number 2009-01 Revised which is posted on the HCAHPS Web site
  – Section III QAG V14.0 and Appendix Z
    • Examples provided of not permissible and alternate questions
Supplemental Questions

• May add a reasonable number of supplemental questions to the HCAHPS Survey but only after all of the HCAHPS Survey questions (Questions 1-29)
  – Supplemental questions will begin with Q30

• As an additional note, it is strongly recommended that hospitals refrain from using any supplemental questions that are related to pain management or pain communication
Supplemental Questions (cont’d)

- **Required:** The transition statement below is mandatory and must be used before any supplemental questions that are added at the end of the HCAHPS Survey
  - “[This next question is] / [These next questions are] from [NAME OF HOSPITAL] and [is/are] not part of the official survey.”

- **Optional:** May include additional transition statements following the required transition statement. Examples include:
  - “Now [NAME OF HOSPITAL] would like to gather some additional detail on topics previously examined. These items use a somewhat different way of asking for your response since they are getting at a slightly different way of thinking about the topics.”
  - “The following questions focus on additional care you may have received from [NAME OF HOSPITAL].”
  - “This next set of questions is to provide [NAME OF HOSPITAL] additional feedback about your hospital stay.”
Supplemental Questions (cont’d)

• When asking patients to provide their name, telephone number or other contact information
  – There must be explanatory text identifying why the request to optionally provide the patient name, telephone number or other contact information is included on the survey
  – This text must appear before the requested information and state the purpose for the patient to optionally provide the requested information. It is NOT sufficient to only state that this information is optional.
  – The following are examples of permissible explanatory text:
    • “If you wish to be contacted by the hospital, please provide your name and telephone number. This information is not required.”
    • “By providing your name and telephone number you may be contacted by the hospital regarding your survey responses. This information is not required.”
Modes of Administration Overview

- Data collection begins between 48 hours and 6 weeks (42 calendar days) after discharge from hospital
- No proxy respondents
- No communication to patients that is intended to influence survey results
- No incentives of any kind
- If a patient is found to be ineligible, discontinue survey administration for that patient
Modes of Administration Overview (cont’d)

- No changes are permitted to the content or order of the HCAHPS questions or answer categories for the HCAHPS Core or “About You” questions.
- The Core HCAHPS questions (1-22) and the “About You” HCAHPS questions (23-29) must remain together.
- Final data files are submitted to CMS via the QualityNet Secure Portal by the data submission deadline.
• Copyright language must be added to the HCAHPS Survey:
  – “Questions 1-19 and 23-29 are part of the HCAHPS Survey and are works of the U.S. Government. These HCAHPS questions are in the public domain and therefore are NOT subject to U.S. copyright laws. The three Care Transitions Measure® questions (Questions 20-22) are copyright of Eric A. Coleman, MD, MPH, all rights reserved.”
Introduction to HCAHPS Survey Training

Mail Only Mode

• Protocol
  – Send first questionnaire with initial cover letter to sampled patient(s) between 48 hours and 6 weeks (42 calendar days) after discharge
  – Send second questionnaire with follow-up cover letter to non-respondent(s) approximately 21 calendar days after the first questionnaire mailing
  – Complete data collection within 42 calendar days after the first questionnaire mailing
  – Submit data to CMS via the QualityNet Secure Portal by the data submission deadline
• Mail materials
  – Standardized HCAHPS cover letters and questionnaires provided in Appendices A (English), B (Spanish), C (Chinese), D (Russian), E (Vietnamese), F (Portuguese) and G (German) in QAG V14.0
Mail Only Mode (cont’d)

• Cover letter specifications
  – Name and address of sampled patient included
    • “To Whom It May Concern” is not acceptable salutation
  – OMB language and expiration date included
  – Letter is not attached to the survey
  – Customization is acceptable; cannot add content that would introduce bias
  – Letter printed on hospital or survey vendor letterhead
  – Signed by hospital administrator or survey vendor project director
    • Electronic signature acceptable
Mail Only Mode (cont’d)

- Cover letter specifications (cont’d)
  - Language indicating the purpose of the unique patient identifier must be printed either on the cover letter or after the survey instructions on the questionnaire (or on both)
    - “You may notice a number on the survey. This number is used to let us know if you returned your survey so we don’t have to send you reminders.”
  - Hospital name and discharge date to make certain that the patient completes the survey based on the hospital stay associated with that particular discharge date
  - The term “discharged on” must be used in the cover letters
Mail Only Mode (cont’d)

- Cover letter language requirements
  - Purpose of survey
    - “Questions 1-22 in the enclosed survey are part of a national initiative sponsored by the United States Department of Health and Human Services to measure the quality of care in hospitals.”
  - Participation is voluntary
  - Hospital name and discharge date of patient
  - Patient’s health benefits will not be affected by participation in the survey
  - Customer support number
  - If applicable, add language that answers will be shared with hospitals for purposes of quality improvement
Mail Only Mode (cont’d)

- Cover letter requirements
  - OMB Paperwork Reduction Act language: “According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-0981 (Expires TBD). The time required to complete this information collected is estimated to average 7 minutes for questions 1-22 on the survey, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: Centers for Medicare & Medicaid Services, 7500 Security Boulevard, C1-25-05, Baltimore, MD 21244-1850.”
Mail Only Mode (cont’d)

• Questionnaire guidelines and formatting requirements
  – Question and answer category wording must not be changed
  – No changes are permitted in the order of the response categories for either the Core or “About You” HCAHPS questions
  – Question and answer categories remain together in the same columns and on the same pages
  – Randomly generated unique identifiers for patient tracking purposes are placed on the first or last pages of the survey and may appear on all pages
    • Internal codes **must not** contain any patient identifiers such as the patient’s discharge date, doctor or hospital unit
Mail Only Mode (cont’d)

• Questionnaire guidelines and formatting requirements (cont’d)
  – All instructions on the top of the survey are copied verbatim
  – The patient’s name is not printed on the survey
  – Name and return address of hospital/survey vendor must be printed on the last page of questionnaire
    • If hospital/survey vendor name is used, must not use alias or tag line
  – The OMB control number (OMB #0938-0981) and expiration date must appear on the front page of the survey
  – The OMB language must appear on either the front or back page of the questionnaire or on the cover letter, and may appear on both
Introduction to HCAHPS Survey Training

Mail Only Mode (cont’d)

• Questionnaire guidelines and formatting requirements (cont’d)
  – Question and response options must be listed vertically
    • Response options listed horizontally or in a combined vertical and horizontal format are not allowed
    • No matrix formats allowed for question and answer categories
  – Wording that is underlined in the HCAHPS questionnaire must be underlined in the hospital or survey vendor questionnaire
  – Arrows |➡️| that show skip patterns in the HCAHPS questions or response options must be included in hospital or survey vendor questionnaire
  – Survey materials must be in a readable font (e.g. Arial, Times New Roman) with a font size of 10-point or larger
Mail Out-Requirements

- Guidelines for mailings
  - Addresses acquired from hospital record
  - Addresses updated using commercial software
  - Mailings sent to patients by name

- Mailing content
  - Survey mailings include:
    - Cover letter
    - Questionnaire
    - Self-addressed, stamped business reply envelope
    - Outgoing envelope, with first class postage or indicia, suggested
Mail Only Mode (cont’d)

• Patients without Mailing Addresses
  – Hospitals/Survey vendors must make every reasonable attempt to obtain a patient’s address, including recontacting the hospital client to inquire about an address update for patients with no mailing address
    • Hospitals/Survey vendors have flexibility in not sending mail surveys to patients without fixed mailing addresses, such as the homeless
      – Note: these patients cannot be removed from the sample
  • Attempts to obtain patient’s address must be documented
Mail Only Mode (cont’d)

• Data receipt and entry
  – Key entry or scanning allowed for data capture
    • Key-entered data is entered a second time by different staff and any discrepancies between the two entries are identified; discrepancies should be reconciled
    • Programs verify that record is unique and has not been returned already
    • Programs identify invalid or out-of-range responses
Mail Only Mode (cont’d)

- Data receipt and entry (cont’d)
  - Record survey receipt in a timely manner
  - Surveys are date stamped
  - Ambiguous responses follow HCAHPS decision rules
  - Calculate lag time
  - Assign final survey status code
  - Capture mail wave attempt
Mail Only Mode (cont’d)

- Data retention and storage guidelines
  - Paper questionnaires that are key-entered must be stored in a secure and environmentally controlled location for a minimum of three years
  - Optically scanned questionnaire images must be retained in a secure manner for a minimum of three years and are easily retrievable
Mail Only Mode (cont’d)

- Quality control guidelines
  - Hospitals/Survey vendors must:
    - Update address information
    - Check quality and inclusion of all survey materials
    - Check a sample of mailings for inclusion of all sampled patients
  - Provide ongoing oversight of staff and any subcontractor(s), such as printers and fulfillment houses
    - Hospitals/Survey vendors must conduct on-site verification of printing and mailing data collection processes
      - Must be performed on an annual basis, at a minimum
Mail Only Mode (cont’d)

• Quality control guidelines (cont’d)
  – Hospitals/Survey vendors must:
    • Perform interval checking of printed mailing pieces on an ongoing and continuous basis throughout the survey administration period
    • Conduct seeded (embedded) mailings to designated hospital or survey vendor HCAHPS project staff on a quarterly basis to check for:
      – Timeliness of delivery
      – Accuracy of address
      – Accuracy and quality of mailing contents
  • Document results of all oversight activities
Telephone Only Mode

• Protocol
  – Initiate first telephone attempt with sampled patients between 48 hours and 6 weeks (42 calendar days) after discharge
  – Complete data collection within 42 calendar days after the first telephone attempt
    • Maximum of five telephone attempts made at different times of day, on different days of the week, spanning more than one week (eight days or more), between 9AM and 9PM patient time
    • It is strongly recommended that telephone attempts are made not only on weekdays, but on weekends also
  – Submit data to CMS via the QualityNet Secure Portal by the data submission deadline
Telephone Only Mode (cont’d)

• Telephone Script
  – Standardized HCAHPS telephone script provided in Appendices H (English), I (Spanish), J (Chinese), and K (Russian) in QAG V14.0
  • Entire telephone script must be read verbatim
  – Question and answer category wording must not be changed nor the order of questions and answer categories
  – The Core HCAHPS questions (Questions 1-22) and the “About You” HCAHPS questions (Questions 23-29) must remain together
  – Only one language (English, Spanish, Chinese, or Russian) may appear on the interviewing screen at a time
• Interviewing Systems
  – Electronic telephone interviewing, including CATI or other alternative systems (required of survey vendors and of hospitals conducting surveys for multiple sites)
    • Programmed with standardized HCAHPS telephone script
    • Linked electronically to survey management system
  – Manual data collection (allowed only for hospitals self-administering surveys)
    • Follow standardized HCAHPS telephone script using paper questionnaires to record responses
    • Key entry, scanning
Telephone Only Mode (cont’d)

- Interviewing Systems (cont’d)
  - Survey administration must be conducted in accordance with the Telephone Consumer Protection Act (TCPA) regulations
    - Cell phone numbers must be identified so that CATI systems with auto dialers do not call cell phone numbers without the permission of the respondent. Survey vendors may identify cell phone numbers through a commercial database and hospitals may identify cell phone numbers upon patient admission.
    - Predictive dialing may be used as long as there is a live interviewer to interact with the patient, and the system is compliant with Federal Trade Commission (FTC) and Federal Communications Commission (FCC) regulations.
Telephone Only Mode (cont’d)

• Interviewing Systems (cont’d)
  – Monitoring and recording of telephone calls
    • Follow state regulations
  – Caller ID
    • May be programmed to display “on behalf of [HOSPITAL NAME]” with permission and compliance of hospital’s HIPAA/Privacy officer
  – Every question should have a “MISSING/DON’T KNOW” option available
    • Interviewers should not read as a response option
  – All underlined content must be emphasized
  – Skip patterns and conventions should be programmed into system
Telephone Only Mode (cont’d)

• Obtaining Telephone Numbers
  – Main source of telephone numbers is hospital discharge records
  – Attempts must be made to update missing or incorrect telephone numbers using:
    • Commercial software
    • Internet directories
    • Directory assistance
    • Other tested methods
Telephone Only Mode (cont’d)

• Definition of a Telephone Attempt
  – Telephone rings six times with no answer
  – Interviewer reaches a wrong number
  – An answering machine or voice mail is reached (do not leave message)
  – Interviewer reaches the household and is told that the patient is not available to come to the telephone or has a new number
  – Interviewer reaches the patient and is asked to call back at a more convenient time

• Hospitals/Survey vendors must schedule a telephone callback that accommodates a patient’s request within a specific day and time
• Callback must be scheduled at the patient’s convenience between the hours of 9 AM and 9 PM respondent time within the data collection time period
Telephone Only Mode (cont’d)

- Definition of a Telephone Attempt (cont’d)
  - Busy signal
    - At the discretion of the hospital/survey vendor a telephone attempt can consist of three consecutive telephone attempts made at approximately 20-minute intervals
  - “Screening” number
    - If interviewer reaches a “screening” number (e.g., privacy screen, privacy manager, phone intercept or blocked call)
    - Count this as one telephone attempt and continue to make additional attempts (up to five) to reach the patient before dispositioning the call as “8 – Non-response after maximum attempts”
Telephone Only Mode (cont’d)

- Data Receipt and Data Entry
  - Maintain a crosswalk of interim disposition codes to HCAHPS Final Survey Status codes
  - Assign final survey status code
  - Capture the telephone attempt in which the final disposition of the survey is determined
  - Calculate lag time
Data Retention and Data Storage

- Data collected through electronic telephone interviewing systems and optically scanned paper questionnaire images must be maintained in a secure manner for a minimum of three years.
- Paper questionnaires collected manually and then key-entered must be stored in a secure and environmentally controlled location for a minimum of three years.
• Quality Control Guidelines
  – Telephone monitoring and oversight of staff and subcontractors
    • At least 10% of HCAHPS call attempts and interviews must be monitored (on an ongoing and continuous basis throughout the survey administration period) by survey vendor and its subcontractor (if applicable)
    • All interviewers conducting HCAHPS Surveys must be monitored
    • All language translations in which the survey is administered must be monitored
• Quality Control Guidelines (cont’d)
  – Hospitals/Survey vendors are responsible for the quality of work performed by any subcontractor(s), such as call centers
  • Hospitals/Survey vendors must conduct on-site verification of call centers, including live call monitoring and floor rounding
    – Must be performed on an annual basis, at a minimum
Telephone Only Mode (cont’d)

• Interviewer Training
  – Formal interviewer training **is required** to ensure standardized, non-directive interviews
    • Interviewers should be knowledgeable about the survey and prepared to answer questions
    • See HCAHPS FAQs in Appendix O
  – Survey Introduction
  – Interviewing Guidelines and Conventions
    • System Conventions
    • Avoiding Refusals
    • Probing for Complete Answers
Telephone Only Mode (cont’d)

• Survey Introduction
  – Introduction script provides survey purpose
  – Verifies eligibility of the respondent
    • Confirm hospital and discharge date
  – Informs respondent that survey will take about seven minutes or [HOSPITAL/SURVEY VENDOR SPECIFY]
  – Survey vendors that subcontract call center services must state survey vendor name in the CATI script introduction for the data collection contractor: “...calling from [DATA COLLECTION CONTRACTOR] on behalf of [HOSPITAL NAME]...”
  – Provides guidance for people wishing to act as a proxy for sampled patients
Interviewing Guidelines and Conventions

- System conventions
  - Text that appears in lower case letters must be read out loud
  - Text in UPPER CASE letters must **not** be read out loud
  - Text that is **underlined** must be emphasized
  - Characters in `< >` must **not** be read out loud
  - [Square brackets] are used to show programming instructions that must not actually appear on the computerized interviewing screens
  - Skip patterns should be programmed into the electronic telephone interviewing system
Telephone Only Mode (cont’d)

• Interviewing Guidelines and Conventions (cont’d)
  – Asking questions and probing:
    • Questions, transitions and response choices are read exactly as worded on script
    • Do not provide extra information or lengthy explanations to respondent questions
    • End the survey by thanking the respondent for his or her time
  – Avoiding refusals
    • Be prepared to convert a soft refusal into a completed survey
    • Emphasize importance of participation
    • Never argue with or antagonize a patient
    • Remember! First moments of the interview are most critical for gaining participation
Telephone Only Mode (cont’d)

• Interviewing Guidelines and Conventions (cont’d)
  – Probing for complete data
    • When respondent fails to provide adequate answer
    • Never interpret answers for respondents
    • Code “MISSING/DON’T KNOW” when respondent cannot/does not provide complete answer after probing
      – In instances where the patient is reluctant to answer “Yes” or “No” to the HCAHPS Survey question(s) and the patient’s intended response(s), either positive or negative is clear, the patient’s response should be accepted
Telephone Only Mode (cont’d)

- Interviewing Guidelines and Conventions (cont’d)
  - Types of probes:
    - Repeat question and answer categories
    - Interviewer may state:
      - “Take a minute to think about it”
      - “So would you say…”
      - “Which would you say is closer to the answer?”
• Example of response probe: Overall Health (Question 24)

In general, how would you rate your overall health? Would you say that it is...

- <1> Excellent,
- <2> Very good,
- <3> Good,
- <4> Fair, or
- <5> Poor?
- <M> MISSING/DK
Telephone Only Mode (cont’d)

Example of response probe: Overall Health (Question 24) (cont’d)

- Patient 1 Answers
  - “My health is okay.”

- Probe for Patient 1
  - “We’re asking you to choose one response. Would you say your overall health is…” [Repeat all answer categories]

- Patient 2 Answers
  - “My health is great.”

- Probe for Patient 2
  - “Would you then rate your overall health as Excellent, Very good or Good?”
Telephone Only Mode (cont’d)

• Example of response probe: Education (Question 26)

What is the highest grade or level of school that you have **completed**? Please listen to all six response choices before you answer. Did you...

<1> Complete the 8th grade or less,
<2> Complete some high school, but did not graduate,
<3> Graduate from high school or earn a GED,
<4> Complete some college or earn a 2-year degree,
<5> Graduate from a 4-year college, or
<6> Complete more than a 4-year college degree?
<M> MISSING/DK
Telephone Only Mode (cont’d)

• Example of response probe: Education (Question 26) (cont’d)

  • Patient 1 Answers
    - “I graduated from school.”

  • Probe for Patient 1
    - “We’re asking you about the highest grade or level of school that you completed. Would you say you completed...” [Repeat all answer categories]

  • Patient 2 Answers
    - “I graduated from college.”

  • Probe for Patient 2
    - “We’re asking you about the highest grade or level of school that you completed. So would you say completed some college or earned a 2-year degree, graduated from a 4-year college, or completed more than a 4-year college degree?”
Race Question (Question 28)

When I read the following, please tell me if the category describes your race. I am required to read all five categories. Please answer yes or no to each of the categories.

Q28A  Are you White?
  <1> YES/WHITE
  <0> NO/NOT WHITE
  <M> MISSING/DK

Q28B  Are you Black or African-American?
  <1> YES/BLACK OR AFRICAN-AMERICAN
  <0> NO/NOT BLACK OR AFRICAN-AMERICAN
  <M> MISSING/DK

Q28C  Are you Asian?
  <1> YES/ASIAN
  <0> NO/NOT ASIAN
  <M> MISSING/DK

Q28D  Are you Native Hawaiian or other Pacific Islander?
  <1> YES/NATIVE HAWAIIAN OR OTHER PACIFIC ISLANDER
  <0> NO/NOT NATIVE HAWAIIAN OR OTHER PACIFIC ISLANDER
  <M> MISSING/DK

Q28E  Are you American Indian or Alaska Native?
  <1> YES/AMERICAN INDIAN OR ALASKA NATIVE
  <0> NO/NOT AMERICAN INDIAN OR ALASKA NATIVE
  <M> MISSING/DK
Introduction to HCAHPS Survey Training

Mixed Mode

• Protocol – Mail followed by Telephone
  – Follow guidelines for Mail Only mode
    • Use one questionnaire mailing instead of two
    • Send questionnaire with cover letter to sampled patients between 48 hours and six weeks (42 calendar days) after discharge
  – Follow guidelines for Telephone Only mode
    • Initiate first telephone attempt for all non-respondents approximately 21 calendar days after mailing the questionnaire
      – Maximum of five telephone attempts made at different times of day, on different days of the week spanning more than one week (eight days or more), between 9AM and 9PM patient time
      – It is strongly recommended that telephone attempts are made not only on weekdays, but on weekends also
    • Complete telephone sequence within 42 calendar days of Mixed Mode initiation
      – Submit data to CMS via the QualityNet Secure Portal by the data submission deadline
Mixed Mode (cont’d)

- Hospitals/Survey vendors **must** keep track of the mode and attempt in which each survey was completed (i.e., Mail or Telephone):
  
  1. For completed surveys, retain documentation in survey management system that the patient completed the survey in the **Mail phase or Telephone phase** of the Mixed Mode of survey administration, then
  
  2. Assign the appropriate “Survey Completion Mode” and the “Number of Survey Attempts – Telephone” in which the survey was completed or final survey status is determined
Active Interactive Voice Response (IVR) Mode

- **Protocol**
  - Initiate first IVR attempt with sampled patient(s) between 48 hours and six weeks (42 calendar days) after discharge
  - Complete data collection within 42 calendar days after the first IVR attempt
  - Maximum of five IVR attempts made at different times of day, on different days of the week spanning more than one week (eight days or more), between 9AM and 9PM patient time
  - It is strongly recommended that telephone attempts are made not only on weekdays, but on weekends also
  - Submit data to CMS via the QualityNet Secure Portal by the data submission deadline
Active IVR Mode (cont’d)

- IVR Interviewing Systems
  - Programmed with standardized HCAHPS IVR script provided in Appendices L and M of *QAG V14.0*
  - Follow Telephone Only mode system conventions
  - English and Spanish
  - Capable of recording and storing patient answers
  - Capable of touch tone key pad response
  - Telephone interviewing option must be available for patients who do not want to continue with IVR
Active IVR Mode (cont’d)

• Live Operator
  – Reads IVR introduction script, then transitions patient to IVR
  – Must be available to answer questions/FAQs
  – Must be available to triage patients to another electronic system (CATI) or to conduct the interview themselves for reluctant respondents

• Follow Telephone Only Mode Guidelines
  – Data collection, data receipt and retention
  – Quality control guidelines
    • Staff/Subcontractor training
    • Monitoring and oversight
    • Documentation
Active IVR Mode (cont’d)

• Hospitals/Survey vendors **must** keep track of the mode and attempt in which each survey was completed (i.e., IVR or Telephone):

  1. For completed surveys, retain documentation in the survey management system that the patient completed the survey in the **IVR mode** or **Telephone mode** of the IVR mode of survey administration, then

  2. Assign the appropriate “Survey Completion Mode” and “Number of Survey Attempts – Telephone” in which the survey was completed or final survey status is determined
Data Specifications & Coding
Introduction to HCAHPS Survey Training

Data Coding Overview

• General Data Coding
• Decision Rules for Data Capture (Mail)
• Decision Rules for Screener and Dependent Questions (All Modes)
• Final Survey Status/Disposition Codes
  – Definition of a Completed Survey
General Data Coding

• Enter survey responses as answered by the patient

• For surveys with “Final Survey Status” codes of “1 – Completed Survey” or “6 – Non-response: Break-off”
  – A value must be entered for all survey questions
  – Appendix Q: Data File Structure Version 4.2 (effective 4Q 2019 discharges) provides valid values

• Include decision rules and coding guidelines, and quality control procedures in materials and training
Decision Rules for Data Capture (Mail)

- Standardized rules ensure consistency across hospitals/survey vendors
- Apply decision rules to both scanned and key-entered data
- If a patient completes two surveys for the same hospital visit, use the first survey returned
Decision Rules for Data Capture (cont’d)

- If a mark falls between two choices and is obviously closer to one choice than another, select the choice to which the mark is closest.

Example 1 (Mail)

- Never
- Sometimes ✗
- Usually
- Always

Code as:
“2 - Sometimes”
Introduction to HCAHPS Survey Training

Decision Rules for Data Capture (cont’d)

- If a mark falls equidistant between two choices, code the value of the item as “M – Missing/Don’t Know”

- Do not impute a response

Example 2 (Mail)

- Never
- Sometimes
- Usually
- Always

Code as: “M - Missing/Don’t Know”
• When more than one response choice is marked, code the value as “M – Missing/Don’t Know” – Do not impute a response

• **Exception:** For Question 28 (*What is your race?*), enter responses for ALL of the categories that the respondent selected

  Example 3 (Mail)

  □ Never

  □ Sometimes

  □ Usually

  □ Always

  Code as: “M - Missing/Don’t Know”
Decision Rules for Data Capture (cont’d)

- When more than one response choice is marked, but the respondent’s intent is clear, code the intended response.

Example 4 (Mail)

- Never
- Sometimes
- Usually
- Always

Code as: “2 - Sometimes”
Decision Rules for Screener and Dependent Questions (All Modes)

- Screener Question – instructs patient to skip subsequent questions for select response choices
  - Questions 10, 12, 15

- Dependent Question – questions skipped based on patient’s response to screener question
  - Questions 11, 13, 14, 16, 17
Decision Rules for Screener and Dependent Questions (All Modes) (cont’d)

- Code appropriately skipped questions as “8 – Not Applicable”
- Code other scenarios as answered by the patient (do not “clean” skip pattern errors)
- Hospitals/Survey vendors apply this rule to data collected via mail, telephone and IVR
12. During this hospital stay, were you given any medicine that you had not taken before?

☑ Yes
☐ No → If no, Go to Question 15

Example 1 (Mail)

13. Before giving you any new medicine, how often did hospital staff tell you what the medicine was for?

☐ Never
☐ Sometimes
☐ Usually
☐ Always

Code as:

“1 - Yes”

Code as:

“M - Missing/Don’t Know”
12. During this hospital stay, were you given any medicine that you had not taken before?

- Yes
- No → If no, Go to Question 15

13. Before giving you any new medicine, how often did hospital staff tell you what the medicine was for?

- Never
- Sometimes
- Usually
- Always

Example 2 (Mail)

Code as:

- “1 - Yes”

Code as:

- “3 - Usually”
Decision Rules for Screener and Dependent Questions (cont’d)

12. During this hospital stay, were you given any medicine that you had not taken before?
   □ Yes
   ✗ No → If no, Go to Question 15

13. Before giving you any new medicine, how often did hospital staff tell you what the medicine was for?
   □ Never
   □ Sometimes
   □ Usually
   □ Always

Example 3 (Mail)

Code as:
   “2 - No”

Code as:
   “8 - Not Applicable”
12. During this hospital stay, were you given any medicine that you had not taken before?
□ Yes
☒ No → If no, Go to Question 15

Example 4 (Mail)

Code as: “2 - No”

13. Before giving you any new medicine, how often did hospital staff tell you what the medicine was for?
□ Never
☒ Sometimes
□ Usually
□ Always

Code as: “2 - Sometimes”
12. During this hospital stay, were you given any medicine that you had not taken before?
   □ Yes
   □ No → If no, Go to Question 15

Example 5 (Mail)
Code as: “M - Missing/Don’t Know”

13. Before giving you any new medicine, how often did hospital staff tell you what the medicine was for?
   □ Never
   □ Sometimes
   ✝ Usually
   □ Always

Code as: “3 - Usually”
• For the **Telephone** and **IVR survey** modes, skip patterns should be programmed into the electronic telephone interviewing/IVR system
  
  - If screener questions are answered either “No” or “Another Health Facility,” then the appropriately skipped dependent questions should be coded as “8 – Not applicable”
  
  - If screener questions are not answered (“Missing/Don’t Know”), then the appropriately skipped dependent questions should be coded as “M – Missing/Don’t Know”
Final Survey Status/Disposition Codes

• 1 – **Completed Survey**
  – At least 50 percent of the 17 questions applicable to all patients are answered
  – Questions applicable to all patients are *included*
    • Questions 1 through 10, 12, 15, and 18-22
  – Questions not applicable to all patients (e.g., skip pattern and “About You” questions) are *excluded*
    • Questions 11, 13, 14, 16, 17, and 23–29
  – See Completed Survey Calculation Example in *QAG V14.0*
Ineligible

- 2 – Deceased
  - Patient was alive at the time of discharge but deceased by time of survey administration
Final Survey Status/Disposition Codes (cont’d)

Ineligible (cont’d)

- 3 – Not in Eligible Population
  - Patient’s ineligibility is determined after the sample is drawn

Eligibility Criteria

- 18 years old or older at the time of hospital admission
- Admission includes at least one overnight stay in the hospital as an inpatient
- Non-psychiatric principal diagnosis at discharge
- Alive at the time of discharge

Exclusions

- “No-Publicity” patient
- Court/Law enforcement patient (i.e., prisoners) (does not apply to patients residing in halfway houses) (admission source code of 8; discharge status codes of 21, 87)
- Has a foreign home address
- Discharged to hospice (whether at home or another facility) (discharge status codes of 50, 51)
- Eliminated from participation based on State regulations
- Patients discharged to nursing home or skilled nursing facility (discharge status codes of 3, 61, 64, 83, 92)
Ineligible (cont’d)

- 4 – Language barrier
  - Evidence that the patient does not read or speak the language in which the survey is being administered
Ineligible (cont’d)

- 5 – Mentally or physically incapacitated
  - Patient is unable to complete the survey because he/she is mentally or physically incapacitated, or visually/hearing impaired
  - Do not automatically assign this code to patients discharged to health care facilities (e.g., long-term care facilities, assisted living facilities, rehab, etc.)
- Hospitals/Survey vendors must attempt to contact these patients
Non-Response

- **6 – Break-off**
  - At least one HCAHPS Core question is answered, but too few questions are answered to meet the criteria for a completed survey
  - Includes patients who refuse to complete the survey, but answered at least one HCAHPS Core question
  - See Break-off Survey Calculation Example in *QAG V14.0*
Non-Response (cont’d)

- 7 – Refusal
  - When a patient returns a blank survey with a note stating they do not wish to participate, or when a patient verbally refuses to begin the survey
  - When it is determined a survey has been completed by a proxy respondent, which is not permitted for the HCAHPS Survey

Note: If the patient answered some HCAHPS Core questions, but refused to complete the survey, the “Final Survey Status” is coded as either “1 – Completed Survey” or “6 – Non-response: Break-off,” depending on the completion criteria
Non-Response (cont’d)

- 8 – Non-response after maximum attempts
  - Patient has not completed the survey by the end of the survey administration time period
  - Lag time is greater than 84 calendar days
Final Survey Status/Disposition Codes (cont’d)

Non-Response (cont’d)

• 9 – Bad address
• 10 – Bad/no phone number
  – Assume the contact information is viable unless there is sufficient evidence to suggest the contrary
    • Attempts must be made to contact every sampled patient whether or not there is a complete mailing address and/or telephone number
    • Hospitals/Survey vendors have flexibility in not sending mail surveys to patients without mailing addresses (i.e., homeless) after making every reasonable attempt to obtain an address
Introduction to HCAHPS Survey Training

Data Preparation

- File Specifications Version
- File Layout
- Preparing the Data File
- Data Submission Timeline
File Specifications Version

• Standardized file layouts
  – Appendix Q – Data File Structure Version 4.2
  – Appendix R – XML File Layout Version 4.2

*Note: Version 4.2 applies to 4Q2019 discharges and forward*
1. Header Record
   - Complete once per monthly file
     • The survey mode and sample type must be the same for all three months within a quarter. Once you have uploaded your first month of data, you have the ability to re-upload that month and change the survey mode or sample type.
     • Once you have uploaded data for two months within a given quarter, you are **locked** into that survey mode and sample type and **cannot** change it for that quarter.

2. Patient Administrative Data Record
   - Complete for every patient in the sample
     • Number of Patient Administrative Data Records must equal the number of sampled patients (“Sample Size”)
3. Patient Response/Survey Results Record
   - Complete for patients who responded to the survey
     • Number of Patient Response/Survey Results Records must equal the number of Final Survey Status codes of “1 – Completed Survey” and “6 – Non-response: Break-off”
   - Enter missing responses as “M – Missing/Don’t Know” or “8 – Not Applicable”
Header Record

• Contains hospital identification and sampling information
• All fields in the Header Record must have a valid value
  – Exceptions:
    • NPI (optional)
    • DSRS Strata Name (required only if DSRS)
    • DSRS Eligible (required only if DSRS)
    • DSRS Sample Size (required only if DSRS)
• Survey Mode and Sampling Type must be the same for all three months within a quarter
• CMS Certification Number (CCN)
  – Valid 6-digit CCN (formerly known as Medicare Provider Number)
  – Sample per unique CCN
  – Hospitals that share a common CCN must obtain a combined total of at least 300 completes per CCN per 12-month reporting period
• Eligible Discharges
  – Number of eligible discharges in the sample frame
    • All eligible discharges are included in the count
    • Include eligible discharges even if the patients’ information is received from the hospital with discharge dates that are beyond the 42 calendar day initial contact period
      – However, these patients must NOT be included in the HCAHPS Survey sample nor included in the “Sample Size” field count
      – A Discrepancy Report must be filed when patient information is received beyond the 42 calendar day initial contact period
• Eligible Discharges (cont’d)
  – In calculating the “Eligible Discharges” field, do **not** include patients later determined to be ineligible or excluded, regardless of whether they are selected for the survey sample.
Eligible Discharges (cont’d)

- If a patient was selected for the survey sample and later determined to be ineligible (i.e., “Final Survey Status” code of “3 – Ineligible: Not in eligible population”), the patient must be subtracted when reporting the “Eligible Discharges” field (number of eligible discharges in sample in the month)

  - Does NOT apply to “Final Survey Status” codes of:
    - “2 – Ineligible: Deceased”
    - “4 – Ineligible: Language barrier,”
    - “5 – Ineligible: Mental/Physical incapacity”

- “Sample Size” can therefore be larger than the number of “Eligible Discharges”
## Example 1: Eligible Discharges Calculation

<table>
<thead>
<tr>
<th>Value</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>100</td>
<td>Number of eligible patients in original sample frame (Eligible Discharges)</td>
</tr>
<tr>
<td>100</td>
<td>Number of patients selected for sample (Sample size)</td>
</tr>
<tr>
<td>2</td>
<td>Number of patients with “Final Survey Status” code of “2 – Ineligible: Deceased”</td>
</tr>
<tr>
<td>-5</td>
<td>Number of patients with “Final Survey Status” code of “3 – Ineligible: Not in eligible population”</td>
</tr>
<tr>
<td>2</td>
<td>Number of patients with “Final Survey Status” code of “4 – Ineligible: Language barrier”</td>
</tr>
<tr>
<td>4</td>
<td>Number of patients with “Final Survey Status” code of “5 – Ineligible: Mental/Physical incapacity”</td>
</tr>
<tr>
<td>95</td>
<td>Number reported in the “Eligible Discharges” field</td>
</tr>
</tbody>
</table>
Header Record (cont’d)

- Eligible Discharges (cont’d)
  - If a patient was not selected for the survey sample, but later determined to be ineligible (i.e., received an update with an ineligible MS-DRG code for the patient), the patient must be subtracted when reporting the “Eligible Discharges”
**Header Record (cont’d)**

## Example 2: Eligible Discharges Calculation

<table>
<thead>
<tr>
<th>Value</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>100</td>
<td>Number of eligible patients in original sample frame (Eligible Discharges)</td>
</tr>
<tr>
<td>50</td>
<td>Number of patients selected for sample (Sample size)</td>
</tr>
<tr>
<td>2</td>
<td>Number of patients with “Final Survey Status” code of “2 – Ineligible: Deceased”</td>
</tr>
<tr>
<td>-5</td>
<td>Number of patients with “Final Survey Status” code of “3 – Ineligible: Not in eligible population”</td>
</tr>
<tr>
<td>2</td>
<td>Number of patients with “Final Survey Status” code of “4 – Ineligible: Language barrier”</td>
</tr>
<tr>
<td>4</td>
<td>Number of patients with “Final Survey Status” code of “5 – Ineligible: Mental/Physical incapacity”</td>
</tr>
<tr>
<td>-10</td>
<td>Number of patients ineligible due to an updated MS-DRG code (These patients were NOT selected for the survey sample)</td>
</tr>
<tr>
<td>85</td>
<td>Number reported in the “Eligible Discharges” field</td>
</tr>
</tbody>
</table>
Header Record (cont’d)

• Sample Size
  – Number of sampled patient discharges in the month
    • Must equal the number of Patient Administrative Data Records
  – When 100% of the eligible population (census) is sampled, then “Eligible Discharges” equals the “Sample Size”
Patient Administrative Data Record

• All fields in the Patient Administrative Data Record must have a valid value
  – Use code “M – Missing/Don’t Know” for all missing fields, with the following exceptions:
    • “Point of Origin for Admission or Visit”— code as “9 – Information not available”

• Number of Patient Administrative Data Records must equal the number of sampled patients (“Sample Size”)
Patient Administrative Data Record (cont’d)

• Patient administrative information must be submitted for all patients selected in the survey sample
  – If a sampled patient is later found to be ineligible or excluded, the patient administrative information still must be submitted
    • The patient should be assigned a “Final Survey Status” code of “3 – Ineligible: Not in eligible population”
Patient Administrative Data Record (cont’d)

- Patient Identification (ID) Number
  - Hospital/Survey vendor is responsible for assigning a random, unique, de-identified Patient ID Number for each patient in the sample
  - Used to track and report whether the patient has returned the survey, or needs a repeat mailing or phone call
  - Does not disclose the patient’s true identity
  - Does not include any existing identifiers that can be linked back to the patient (i.e., SSN, DOB, medical record number, discharge date, hospital unit, patient initials)
  - Assign a new Patient ID each month; numbers must not be repeated from month to month or used in a sequential numbering order unless the patient discharge list is randomized prior to the assignment of the Patient ID
  - Can be up to 16 characters in length (alphanumeric)
• Service Line (Reason for Admission)
  – Based on one of the accepted methodologies for Determination of Service Line in the Header Record
  – *It is strongly recommended that hospitals/survey vendors assign the HCAHPS Service Line based on the hospital information (e.g., patient MS-DRG code at discharge)*
    – Missing or invalid MS-DRG code does not exclude a patient from being drawn into the sample frame
  – Should not be coded as “M – Missing/Don’t Know”
  – Male patients should not be reported in the “Maternity Care” service line
• Final Survey Status
  – Disposition of survey
  – Patients with a “Discharge Status” of “Expired” (codes 20, 40, 41, 42)
    • Code “Final Survey Status” as “2 – Ineligible: Deceased”
    • Must **not** have “Final Survey Status” coded as “1 – Completed Survey” or “6 – Non-response: Break-off”
• Survey Completion Mode
  – Survey mode used to complete a survey administered in the Mixed or IVR modes
    1 – Mixed Mode-Mail
    2 – Mixed Mode-Phone
    3 – IVR Mode-IVR
    4 – IVR Mode-Phone
    8 – Not applicable
• Survey Completion Mode **must** correspond with Survey Mode in the Header Record

<table>
<thead>
<tr>
<th>Patient Administrative Data Record</th>
<th>Header Record</th>
</tr>
</thead>
<tbody>
<tr>
<td>Survey Completion Mode</td>
<td>Survey Mode</td>
</tr>
<tr>
<td>“1-Mixed Mode – Mail”</td>
<td>“3-Mixed Mode”</td>
</tr>
<tr>
<td>“2-Mixed Mode – Phone”</td>
<td></td>
</tr>
<tr>
<td>“3-IVR Mode – IVR”</td>
<td>“4-IVR”</td>
</tr>
<tr>
<td>“4-IVR Mode – Phone”</td>
<td></td>
</tr>
</tbody>
</table>
Patient Administrative Data Record (cont’d)

• Number Survey Attempts – Telephone
  – Telephone attempt upon which the final survey was completed or final survey status was determined
    1 - First telephone attempt
    2 - Second telephone attempt
    3 - Third telephone attempt
    4 - Fourth telephone attempt
    5 - Fifth telephone attempt
    8 - Not applicable
  – **Required when:**
    • “Survey Mode” is “2 – Telephone Only” or “4 – IVR”
    • “Survey Mode” is “3 – Mixed Mode” and “Survey Completion Mode” is “2 – Mixed Mode-Phone”
• Number Survey Attempts – Mail
  – Mail wave for which survey attempt was completed or final survey status determined
    1 - First wave mailing
    2 - Second wave mailing
    8 - Not applicable
  – Must differentiate between the first mail survey wave and the second mail survey wave in mailing materials
    • Unreturned surveys from the second wave mailing are coded as “2 – Second wave mailing”
  – **Required** when:
    • “Survey Mode” is “1 – Mail Only”
• Survey Language
  – Identify the language in which the survey was administered, even if the patient does not complete the survey
    • “1 – English” (All modes)
    • “2 – Spanish” (All modes)
    • “3 – Chinese” (Mail, Telephone)
    • “4 – Russian” (Mail, Telephone)
    • “5 – Vietnamese” (Mail only)
    • “6 – Portuguese” (Mail only)
    • “7 – German” (Mail only)
  – All patient records should contain the actual Survey Language in which the survey was administered or attempted to be administered
Patient Administrative Data Record (cont’d)

- Lag Time
  - Calculated for each patient in the sample
  - Defined as the number of days between the patient’s discharge date from the hospital and the date that data collection activities ended for the patient
  - All patient records must contain the actual Lag Time
    - Do NOT use code “888 – Not Applicable”
Supplemental Question Count

- Count of maximum number of supplemental questions available to the patient regardless whether or not the questions are asked and/or answered
  - Include skip pattern questions
  - Include open-ended questions
  - Include questions asked as sub-questions (each response item counts as one question)
- Must be submitted for all sampled patients even if they did not complete survey
Patient Response/Survey Results Record

- Required when “Final Survey Status” in the Patient Administrative Data Record is coded as “1 – Completed Survey” or “6 – Non-response: Break-off”
  - Number of Patient Response/Survey Results Records must equal the number of Final Survey Status codes of “1 – Completed Survey” and “6 – Non-response: Break-off”

- All fields must have a valid value, including “M – Missing/Don’t Know” or “8 – Not Applicable”
Preparing the Data File

- Check data file
  - Check for missing values
  - Check for out of range values
  - Check frequency distributions of values
  - Check for valid file structure

- Submit data file via the QualityNet Secure Portal

- Retain all survey-related documentation, e.g., paper surveys/scanned images, patient discharge files and de-identified electronic data files for a minimum of three years
## Data Submission Timeline

Fiscal Year (FY) 2021 Hospital IQR Program Chart-Abstracted Hospitals Randomly Selected for Validation

The Centers for Medicare & Medicaid Services (CMS) Hospital IQR Program has selected the random sample of hospitals for the validation of Chart-Abstracted and Healthcare-Associated Infection (HAI) measures for the Fiscal Year (FY) 2021 annual payment update (APU) determination. The quarters included in FY 2021 Inpatient Validation are third quarter 2018 (3Q18), fourth quarter 2018 (4Q18), first quarter 2019 (1Q19), and second quarter 2019 (2Q19).

Introduction to HCAHPS Survey Training

QualityNet WebEx Training

Getting Started with QualityNet
- Registration
- Sign-In Instructions
- Security Statement
- Password Rules
- QualityNet System Security Policy, PDF
- QualityNet Rules of Behavior (RoB), PDF

QualityNet Training

To learn more about the features and functions of QualityNet, choose from the following recorded training sessions. (All presentations are in WRF format, unless otherwise indicated.)

For All Users
- QualityNet Secure Portal: New User Enrollment Training, WMV-19 min. (07/15/14)
- QualityNet Secure Portal Reports Module, WMV-19 min. (04/15/14)

For users with special (authorized) roles
- Vendor Authorization, WMV-10 min. (06/19/15)
- Reset Password for Selected User, 6 min. (02/22/08)

For hospitals, health care systems, hospital data vendors
- WBDC/ Meaningful Use (MU) Objectives and Clinical Quality Measures (CQM), WMV-25 min. (09/29/17)
- Annual Payment Update (APU) Dashboard Overview, WMV-40 min. (06/28/13)
- Submitting Hospital Quality Reporting Health Information Technology for Economic and Clinical Health (HITECH)/Quality Reporting Document Architecture (QRDA) Data, WMV-17 min. (09/21/16)
- Global Initial Patient Population and Sampling, 27 min. (12/21/11)
  - Transcript, PDF-56 KB
- HCAHPS Online Data Entry, WMV-19 min. (07/16/14)

Training
- QualityNet Training
- QualityNet Event Center
- Question and Answer Tool Training, MP4

February 2019
QualityNet Secure Portal

- URL: https://www.qualitynet.org
- The QualityNet Secure Portal is used to submit HCAHPS data to the HCAHPS Data Warehouse
- QualityNet account becomes deactivated after 120 days of inactivity
QualityNet Secure Portal (cont’d)
(Log in to Secure Location)
Introduction to HCAHPS Survey Training

QualityNet Secure Portal Registration

- Types of Users:
  1. Security Administrator (Primary and Backup)
  2. Non-Administrator
- Hospitals and Survey Vendors cannot delegate administrator role outside of their organization
- Check for existing Security Administrators within the organization
Administrator Registration for all Hospitals

- Obtain the QualityNet Security Administrator Registration Form and Instructions via the QualityNet Web site: https://www.qualitynet.org

- Complete the form
  - Highest-level executive at your organization sign and date the Administrator Authorization Form
Administrator Registration

**Survey Vendor**

- Request the QualityNet Security Administrator Form and Instructions from the HCAHPS Project Team
- Complete the form
  - Highest-level executive at your organization sign and date the Security Administrator Authorization Form
  - Mail the completed form to the HCAHPS Project Team
Non-Administrator Registration

Hospital/Survey Vendor

- Notify the Security Administrator at your organization that you need to become a new user.
- Provide information to the Security Administrator or designee who enters the registration online and prints a registration form.
- Mail the original registration form to the QualityNet Help Desk.
Submission Option 1

• XML File Upload
  – XML File Format – conversion commercial software
  – 50MB file size limit
  – Files must meet proper version specifications
    • Version 4.1: 3Q18 through 3Q19 patient discharges
    • Version 4.2: 4Q19 patient discharges and forward
Introduction to HCAHPS Survey Training

HCAHPS Data Upload – XML
Log-in to the QualityNet Secure Portal

Verify status of files – HCAHPS Warehouse Submission Reports

Files **must** be successfully accepted to the HCAHPS Data Warehouse before the HCAHPS Data Submission Deadline
HCAHPS Data Upload – XML (cont’d)

• One XML file per Month per Provider
  – File must include all data for the month

• Important to note that valid resubmitted data will **overwrite** previously submitted data
  – The **last** file successfully submitted before the data submission deadline becomes the only data in the warehouse for that month
Submission Option 2

- HCAHPS Online Data Entry Tool
  - An option for small self-administering hospitals who are not able to use XML File Upload
  - Not to be used by survey vendors
  - Steps
    - Log-in to the QualityNet Secure Portal
    - Click on the Patient Satisfaction (HCAHPS) Data Entry link
    - Create a new or edit an existing survey month
    - Click on Add Patient Survey
    - Enter Administrative data and Survey data results (if available)
    - Exit the HCAHPS Online Data Entry Tool
Introduction to HCAHPS Survey Training

HCAHPS Online Data Entry Tool
Authorizing Survey Vendor to Submit HCAHPS Data

- All hospitals must authorize their HCAHPS approved survey vendor via the QualityNet Secure Portal
  - Authorization updates in real time
  - QualityNet Secure Portal – Authorize Vendors to Submit Data
  - Approved survey vendors are listed on http://www.hcahpsonline.org
### Vendor Authorization - New

*Authorizing a New HCAHPS Survey Vendor*

<table>

</table>

*Strongly recommended that the End Date fields be left blank until survey authorization is terminated*
Switching Survey Vendors

- Understand the contract dates for current and new vendors
  - Current Vendor – Last discharge date for eligible patients
    - Must be at the end of a quarter
    - Submission deadline and review and correct period for that discharge quarter
  - New Vendor – First discharge date for eligible patients
    - Must be at the beginning of a quarter
    - First date that vendor can submit for those patients
- Survey vendors should work closely with their hospital clients, who are unfamiliar with the QualityNet Secure Portal, to complete the authorization at least 90 days prior to the data submission deadline
**Introduction to HCAHPS Survey Training**

**Vendor Authorization - Switch**

### Day 1 – Close Out “Current” HCAHPS Survey Vendor

<table>
<thead>
<tr>
<th>Discharge Date</th>
<th>Data Transmission Date (MM/DD/YYYY)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Start Date</strong></td>
<td>07/01/2018</td>
</tr>
<tr>
<td><strong>End Date</strong></td>
<td>09/30/2019</td>
</tr>
<tr>
<td>(Last day of the month for eligible discharge data collection)</td>
<td>(One day after HCAHPS Data Submission Deadline Review and Correct Period)</td>
</tr>
</tbody>
</table>

*Discharge Dates CANNOT Overlap between old and new survey vendors*

### Day 2 – Authorize “New” HCAHPS Survey Vendor

<table>
<thead>
<tr>
<th>Discharge Date</th>
<th>Data Transmission Date (MM/DD/YYYY)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Start Date</strong></td>
<td>10/1/2019</td>
</tr>
<tr>
<td><strong>End Date</strong></td>
<td></td>
</tr>
</tbody>
</table>

*Data Transmission Dates CAN Overlap between old and new survey vendors*

*Strongly recommend that the End Date fields be left blank until survey authorization is terminated*

2. HCAHPS Warehouse Data Submission Detail
3. HCAHPS Warehouse Submission Summary
4. HCAHPS Data Review and Correction Report
   • HCAHPS Data Upload Role – required
   • Submission Reports available to submitter of data
Introduction to HCAHPS Survey Training

QualityNet Secure Portal Established by the Centers for Medicare and Medicaid Services (CMS), QualityNet provides healthcare quality improvement news, resources, data reporting tools and applications for use by healthcare providers and others. QualityNet is the only CMS-approved site for secure communications and healthcare quality data exchange between: Quality Improvement Organizations (QIOs), Hospitals, Physician offices, Nursing homes, End Stage Renal Disease (ESRD) networks, facilities, and data vendors.

## Select Program, Category and Report

The available reports are grouped by program and category combination. If you have access to a single program, your program is pre-selected, and if the category related to the selected program has a single value, then it too will be pre-selected. Choose a program, then category, and then click on VIEW REPORTS to view your report choices. Select the report you wish to run from the table below by clicking on its name.

<table>
<thead>
<tr>
<th>Report Name</th>
<th>Report Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>HCAHPS Data Review and Correction Report</td>
<td>The HCAHPS Data Review and Correction report displays a frequency distribution of every variable submitted as part of the Patients' Perspective on Hospital Care Survey.</td>
</tr>
<tr>
<td>HCAHPS Hospital Authorizing Vendor to Upload Data Report</td>
<td>The HCAHPS Hospital Authorizing Vendor to Upload Data report displays hospitals that have authorized the vendor to upload HCAHPS data. The report includes authorized transmission information.</td>
</tr>
<tr>
<td>HCAHPS Warehouse Data Submission Detail Report</td>
<td>The HCAHPS Data Submission Detail report displays detailed file information of selected uploaded data.</td>
</tr>
<tr>
<td>HCAHPS Warehouse Provider Survey Status Summary Report</td>
<td>Summary of HCAHPS Warehouse provider survey submission status per Discharge Month (number of Admin and Survey data accepted).</td>
</tr>
<tr>
<td>Hospital Reporting - Provider Participation Report</td>
<td>The Provider Participation report displays a summary of requirements data for participation in the Hospital Quality Reporting Program.</td>

HCAHPS Warehouse Feedback Reports

1. Provider Survey Status Summary
2. Data Submission Detail
3. Hospital Inpatient Quality Reporting (IQR) Provider Participation Report
4. HCAHPS Review and Correction Report
Introduction to HCAHPS Survey Training

Summary

- QualityNet Secure Portal registration required to participate
- Two types of QualityNet Secure Portal users
- HCAHPS-specific roles
- Two options to submit HCAHPS data
- Submitter has access to HCAHPS Warehouse Submission Reports to check status of uploaded files
- Hospital should review HCAHPS Warehouse Feedback Reports – ultimate responsibility
QualityNet Help Desk

Phone: 866-288-8912
Fax: 888-329-7377
E-mail: qnetsupport@hcqis.org
Availability: 8 AM – 8 PM ET, Mon – Fri

Note: When opening a QualityNet Help Desk Incident Ticket for HCAHPS data-related issues, please forward the email correspondence with the Incident Ticket Number to the HCAHPS Technical Assistance email (hcahps@hcqis.org) for tracking purposes.
Data Quality Checks
Introduction to HCAHPS Survey Training

Goals

• Ensure integrity of HCAHPS data
  – Data collection
  – Minimize errors in data handling
  – Identify and explain unusual changes in data
  – Submission of complete and accurate final data files
Suggested Quality Checks

- Traceable Data Trail
- Review of Data Files
- Accuracy of Data Processing Activities
Introduction to HCAHPS Survey Training

Traceable Data Trail

• **Must** save both original and processed versions of HCAHPS data files
  – Allows for easier backtracking when possible errors are found
• Version control for data files, reports, and software code
• Do not delete old data files
  – Keep for a minimum of three years
• All data files must be traceable throughout the entire HCAHPS Survey administration process, from receipt of the patient discharge list through data submission
### Traceable Data Trail (cont’d)

- Track data file receipts with summary tables:

<table>
<thead>
<tr>
<th>Received</th>
<th>CCN</th>
<th>Discharge Month</th>
<th>Patient Records</th>
<th>Comments/Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>2-11-2019</td>
<td>A</td>
<td>1</td>
<td>30</td>
<td>First receipt</td>
</tr>
<tr>
<td>2-14-2019</td>
<td>A</td>
<td>1</td>
<td>27</td>
<td>Updated file (why 3 fewer patients?) <em>Investigate.</em></td>
</tr>
<tr>
<td>2-14-2019</td>
<td>B</td>
<td>1</td>
<td>110</td>
<td>Substantial change in # of records from previous month. <em>Investigate.</em></td>
</tr>
<tr>
<td>2-15-2019</td>
<td>C</td>
<td>1</td>
<td>72</td>
<td>Count of patients as expected</td>
</tr>
</tbody>
</table>
Review of Data Files

• Unusual or unexpected changes in HCAHPS data elements
  – Verify that data is associated with the correct hospital CCN
  – Trending data for a hospital over time
    • Examine hospital-level counts (e.g., eligible counts), patient administrative records and survey responses
Review of Data Files (cont’d)

- Sampling protocol example:

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>All Patients</td>
<td>418</td>
<td>438</td>
<td>456</td>
<td>441</td>
<td>428</td>
<td>150</td>
</tr>
<tr>
<td>Ineligible Patients</td>
<td>40</td>
<td>51</td>
<td>61</td>
<td>50</td>
<td>44</td>
<td>5</td>
</tr>
<tr>
<td>Exclusions</td>
<td>34</td>
<td>25</td>
<td>27</td>
<td>31</td>
<td>38</td>
<td>3</td>
</tr>
<tr>
<td>De-Duplicated Patients</td>
<td>4</td>
<td>2</td>
<td>3</td>
<td>5</td>
<td>6</td>
<td>0</td>
</tr>
<tr>
<td>HCAHPS Sample Frame</td>
<td>340</td>
<td>360</td>
<td>365</td>
<td>355</td>
<td>340</td>
<td>142</td>
</tr>
<tr>
<td>Sampled Patients</td>
<td>255</td>
<td>270</td>
<td>274</td>
<td>266</td>
<td>255</td>
<td>107</td>
</tr>
</tbody>
</table>

- Look for inconsistent patient counts and investigate substantial variation
Review of Data Files \textit{(cont’d)}

- Patient administrative data example:

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Sample Size</td>
<td>247</td>
<td>284</td>
<td>265</td>
<td>254</td>
<td>291</td>
<td>257</td>
</tr>
<tr>
<td>Maternity</td>
<td>8%</td>
<td>11%</td>
<td>9%</td>
<td>12%</td>
<td>31%</td>
<td>30%</td>
</tr>
<tr>
<td>Medical</td>
<td>74%</td>
<td>71%</td>
<td>72%</td>
<td>70%</td>
<td>53%</td>
<td>43%</td>
</tr>
<tr>
<td>Surgical</td>
<td>18%</td>
<td>19%</td>
<td>17%</td>
<td>18%</td>
<td>15%</td>
<td>4%</td>
</tr>
<tr>
<td>Missing</td>
<td>1%</td>
<td>&lt;1%</td>
<td>2%</td>
<td>&lt;1%</td>
<td>1%</td>
<td>23%</td>
</tr>
</tbody>
</table>

- Notice a large increase in Maternity % for February 2019 and March 2019
- Why was Service Line coded as Missing for 23% of sampled patients in March 2019?
Introduction to HCAHPS Survey Training

Review of Data Files (cont’d)

• Survey example: Question 1 – Nurse Courtesy and Respect

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Completed Surveys</td>
<td>140</td>
<td>134</td>
<td>157</td>
<td>127</td>
<td>132</td>
<td>139</td>
</tr>
<tr>
<td>Q1 = Never</td>
<td>2%</td>
<td>1%</td>
<td>2%</td>
<td>1%</td>
<td>2%</td>
<td>1%</td>
</tr>
<tr>
<td>Q1 = Sometimes</td>
<td>3%</td>
<td>4%</td>
<td>3%</td>
<td>2%</td>
<td>4%</td>
<td>2%</td>
</tr>
<tr>
<td>Q1 = Usually</td>
<td>13%</td>
<td>12%</td>
<td>14%</td>
<td>11%</td>
<td>13%</td>
<td>9%</td>
</tr>
<tr>
<td>Q1 = Always</td>
<td>81%</td>
<td>82%</td>
<td>80%</td>
<td>82%</td>
<td>81%</td>
<td>70%</td>
</tr>
<tr>
<td>Q1 Missing</td>
<td>0%</td>
<td>1%</td>
<td>0%</td>
<td>1%</td>
<td>0%</td>
<td>18%</td>
</tr>
</tbody>
</table>

– Note that Missing rate is high for March 2019
Introduction to HCAHPS Survey Training

Accuracy of Data Processing Activities

• Ensure data processing was conducted in accordance with required HCAHPS protocols
  – Basic quality checks related to sampling
  – Evaluate frequency of break-off surveys and/or unanswered questions
  – Verification that errors did not occur during data submission process

• HCAHPS Warehouse
  – Submission Reports
  – Feedback Reports
  – Review and Correction Report
Accuracy of Data Processing Activities (cont’d)

• Sampling quality checks
  – Verify that each eligible discharge has a chance of being sampled
    • For SRS and PSRS, each eligible discharge should have the same probability of being sampled
    • For DSRS, eligible discharges may have unequal probabilities of being sampled
      – Verify that each stratum contains at least 10 sampled patients per month
Accuracy of Data Processing Activities (cont’d)

- Monitor Response Rates every month
  
  Response Rate = Completed Surveys/(Sample Size – Ineligible Patients*)

  *Determined Ineligible after sampling

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Sample Size</td>
<td>247</td>
<td>284</td>
<td>265</td>
<td>254</td>
<td>291</td>
<td>68</td>
</tr>
<tr>
<td>Ineligible Patients (post-sampling)</td>
<td>0</td>
<td>2</td>
<td>1</td>
<td>3</td>
<td>2</td>
<td>0</td>
</tr>
<tr>
<td>Completed Surveys</td>
<td>75</td>
<td>78</td>
<td>71</td>
<td>73</td>
<td>85</td>
<td>68</td>
</tr>
<tr>
<td>Response Rate</td>
<td>30%</td>
<td>28%</td>
<td>27%</td>
<td>29%</td>
<td>29%</td>
<td>100%</td>
</tr>
</tbody>
</table>

- Notice changes in Sample Size and Response Rate
Introduction to HCAHPS Survey Training

Accuracy of Data Processing Activities (cont’d)

• HCAHPS Warehouse Submission Reports
  – Summary and detail information about each data file submitted to the HCAHPS Warehouse

• HCAHPS Warehouse Feedback Reports
  – For hospitals to check the status of data being submitted on their behalf
Accuracy of Data Processing Activities (cont’d)

- HCAHPS Data Review and Correction Report
  - Hospitals/survey vendors are strongly urged to access and review the HCAHPS Data Review and Correction Report every time file is uploaded
  - Report shows eligible discharges, sample size and frequencies for all HCAHPS data elements
  - Available within 48 hours after data submission via QualityNet
    - Available after every data upload

- HCAHPS Review and Correct Period
  - Review and Correct is the seven days immediately after the data submission deadline for a given quarter
  - If errors are identified in the HCAHPS data in the warehouse after the data submission deadline:
    - Hospitals/survey vendors have the opportunity to upload corrected files during the Review and Correct Period
Introduction to HCAHPS Survey Training

Accuracy of Data Processing Activities (cont’d)

- HCAHPS Data Review and Correction Report

### HCAHPS Data Review and Correction Report

Summary of Data Quality Checks

- **Traceable Data Trail**
  - Detailed data file receipts
  - Data file storage and retention

- **Review of Data Files**
  - Unusual/Unexpected changes in HCAHPS data elements (use of trending)

- **Accuracy of Data Processing Activities**
  - Sampling protocols
  - HCAHPS Warehouse reports
Data Adjustment and Public Reporting
Introduction to HCAHPS Survey Training

Overview

• CMS Hospital Compare Web site and Measures Reported
• Data Adjustment
  – Adjust for Patient Mix
  – Adjust for Mode of Survey Administration
• Reporting HCAHPS Results
• Hospitals with Five or Fewer HCAHPS Eligible Patients
• Footnotes
• Forms for Public Reporting
• Suppression of Results
HCAHPS Results Updated Quarterly

• Composite measures publicly reported
  – Communication with Nurses (Q1, Q2, Q3)
  – Communication with Doctors (Q5, Q6, Q7)
  – Responsiveness of Hospital Staff (Q4, Q11)
  – Communication About Medicines (Q13, Q14)
  – Discharge Information (Q16, Q17)
  – Care Transition (Q20, Q21, Q22)

• Individual items publicly reported
  – Cleanliness of Hospital Environment (Q8)
  – Quietness of Hospital Environment (Q9)

• Global ratings publicly reported
  – Hospital Rating (Q18)
  – Recommend the Hospital (Q19)
Data Adjustment

• Purpose
  – Differences in hospital ratings should reflect differences in quality only
  – To permit valid comparison of all hospitals regardless of the mode
• Will adjust the results to “level the playing field”
  – That is, adjust for factors not directly related to hospital performance
• Adjusted as needed for data comparability:
  – Patient mix
  – Mode of administration
Adjust for Patient Mix

• Purpose
  – Certain patient characteristics impact how someone might respond to the survey

• Patient-Mix Adjuster Variables
  – Type of Service (Medical, Surgical and Maternity Care)
    • Gender
  – Age
  – Education
  – Self-reported general health status
  – Language Spoken at Home – English, Spanish, Chinese, Russian, Vietnamese, Portuguese, German, Other
  – Response Percentile (All completed surveys for a given month and hospital are ranked by Lag Time)

• Adjustments updated quarterly and published on http://www.hcahpsonline.org
Mode Experiments

- Conducted a Mode Experiment in Spring 2006 to test mode effects
  - Summary document of Mode Experiment results is available on HCAHPS Web site (http://www.hcahpsonline.org)
- Conducted a Mode Experiment in late 2008 to test possibility of Internet mode of survey administration
- Conducted a Mode Experiment in 2012 to test new Care Transition survey items
- Conducted a Mode Experiment in 2016 to assess the effect of mode of survey administration on response propensity and response patterns
Introduction to HCAHPS Survey Training

Adjust for Survey Mode

• Purpose
  – Patient responses are affected by mode of survey administration
  – Choice of mode affects cross-hospital comparisons

• Survey modes
  – Mail Only
  – Telephone Only
  – Mixed Mode (Mail with Telephone follow-up)
  – Active Interactive Voice Response (IVR)
Introduction to HCAHPS Survey Training

Reporting HCAHPS Results

- Official HCAHPS Scores are publicly reported on Hospital Compare [https://www.medicare.gov/hospitalcompare](https://www.medicare.gov/hospitalcompare)
  - Also available in the Downloadable Data Base (DDB) located on [https://Data.Medicare.gov](https://Data.Medicare.gov)
- Results are reported for the six composites, two individual items and two global items
- Number of completed surveys and response rate also reported
- HCAHPS results include:
  - Top-box, middle-box, bottom-box
  - HCAHPS Star Ratings
    - 10 HCAHPS measures
    - HCAHPS Summary Star Rating
    - Linear mean scores
Reporting HCAHPS Results (cont’d)

- Results aggregated into rolling four quarters (12 months) by hospital
- Hospital’s results are displayed with national and state averages
- Results are updated quarterly
Public Reporting Periods

- Reporting is based on 12 months of discharges
- Public Reporting occurs in April, July, October, and January

HCAHPS PUBLIC REPORTING: April 2019

- QUARTERS INCLUDED: 3Q17, 4Q17, 1Q18, 2Q18
- PREVIEW PERIOD: February 2019
- PUBLIC REPORTING: April 2019

Survey of patients' experiences
HCAHPS (Hospital Consumer Assessment of Healthcare Providers and Systems) is a national survey that asks patients about their experiences during a recent hospital stay. Use the results shown here to compare hospitals based on 11 important hospital quality topics.
- Find out why these measures and the star ratings are important.
- Learn more about the data and star ratings.
- Get the current data collection period.
- Get tips for printing star images (Internet Explorer 9.0).

February 2019
Hospitals with Five or Fewer HCAHPS Eligible Patients in a Given Month

- Hospitals are not required to collect and submit HCAHPS data for that month
  - A header record must be submitted to the QualityNet Secure Portal through the HCAHPS Online Data Entry Tool or XML file submission

- These hospitals can voluntarily collect and submit data for these months
Public Reporting Footnotes

• Footnote 1
  – *The number of cases/patients is too few to report*
  • Since December 2016, Hospital Compare no longer displays HCAHPS scores for hospitals with fewer than 25 completed HCAHPS Surveys
    – In their stead, “N/A” and Footnote 1 appears
    – However, these hospitals continue to see their HCAHPS scores on their Hospital Compare Preview Reports

• Footnote 3
  – *Results are based on a shorter time period than required*

• Footnote 5
  – *Results are not available for this reporting period*
• Footnote 6
  – Fewer than 100 patients completed the HCAHPS Survey. Use these scores with caution, as the number of surveys may be too low to reliably assess hospital performance.

• Footnote 10
  – Very few patients were eligible for the HCAHPS Survey. The scores shown reflect fewer than 50 completed surveys. Use these scores with caution, as the number of surveys may be too low to reliably assess hospital performance.
Public Reporting Footnotes (cont’d)

• Footnote 11
  – *There were discrepancies in the data collection process*
    • Footnote 11 is applied when there have been deviations from HCAHPS data collection protocols. CMS is working with survey vendors and/or hospitals to correct any discrepancies.

• Footnote 15
  – *The number of cases/patients is too few to report a star rating*
Hospitals must submit the appropriate pledge form to have their data displayed on Hospital Compare

https://www.medicare.gov/hospitalcompare

Forms are accessible on the QualityNet Secure Portal https://www.qualitynet.org
Suppression of Results: IPPS Hospitals

- IPPS hospitals cannot suppress their results from Hospital Compare
  - Must withdraw from Hospital Inpatient Quality Reporting (IQR) program to suppress
Suppression of Results: CAHs

- CAHs **may** suppress their results
  - Must suppress complete set of HCAHPS results
    - Will receive Footnote 5
- To suppress results, a CAH must complete the appropriate pledge form and submit it to QualityNet Help Desk
Exception Request and Discrepancy Report
Introduction to HCAHPS Survey Training

Purpose

• Exception Request
  – Request alternative methodologies
  – Approval, if granted, will be for up to 2 years

• Discrepancy Report
  – Notification of variation from HCAHPS protocols during survey administration
Exception Request

- Common Exception Requests
  - Disproportionate Stratified Random Sampling (DSRS)
  - HCAHPS Service Line determination
  - Notification of participation in another CMS/CMS-sponsored inpatient initiative

- Exception Request must include how the proposed exception will maintain the integrity of data collection

- Exceptions not allowed for alternative modes of survey administration
Exception Request (cont’d)

• Request for exception
  – Submit Exception Request Form(s) online
    • Submit Exception Request Form through http://www.hcahpsonline.org
  – Exception Request must be submitted and approved prior to implementing
  – Exceptions must be submitted by survey vendors on behalf of their contracted hospitals
HCAHPS Survey
EXCEPTION REQUEST FORM

To complete and submit the Exception Request Form online, visit the HCAHPS Web site at [www.hcahpsonline.org](http://www.hcahpsonline.org). Section I is to be completed by the organization submitting this form. The hospital(s) for which this Exception Request relates to must be listed in Section II along with each hospital’s CMS Certification Number (CCN). All required fields are indicated with an asterisk (*).

<table>
<thead>

Introduction to HCAHPS Survey Training

3. Survey Vendor Organization
This section is to be completed for hospitals using survey vendor to conduct the survey.

3a. Organization Name:

3b. Contact Person:
First Name: [Input]
Middle Initial: [Input]
Last Name: [Input]

3c. Title: [Input]
3d. Degree (e.g., RN, MD, PhD) [Input]

3e. Mailing Address 1:
3f. Mailing Address 2:

3g. City: [Input]
3h. State: [Input]
3i. Zip Code: [Input]
3j. Telephone: [Input] EXT.
3k. Fax: [Input]

II. Exception Request
Please complete items 1, 2 and 3 below for each requested exception.

1. Exception Request For (Check one in each box):

☐ New Exception
☐ Update of List of Applicable Hospitals
☐ Appeal of Exception Denial

☐ Disproportionate Stratified Random Sampling
☐ Determination of Service Line
☐ Participating in Another CMS or CMS-sponsored Inpatient Initiative
☐ Other Exception (specify) [Input]

February 2019
2. List of Hospitals applicable to this Exception Request
   This section is to be completed by survey vendors or hospitals administering the survey for multiple sites.

   Do you currently have hospitals applicable to this Exceptions Request?  ☑ Yes  ☑ No

   Note: the fields to add detailed information for each hospital will appear after completing section 3 “Description of Exceptions Request” below and clicking the “Submit Form” button.

3. Description of Exception Request

3a. Purpose of Proposed Exception Requested (e.g., sampling, other): *

3b. Rationale for Proposed Exception Requested: *

3c. Explanation of Implementation of Proposed Exception Requested: *

3d. Evidence that Exception Will Not Affect Results: *

The Exception Request Form must be completed and submitted online at www.hcahpsonline.org.
Exception Request (cont’d)

- Request to use Disproportionate Stratified Random Sampling (DSRS)
  - The following information must be submitted for each hospital
    - Name of each stratum to be used in the DSRS sample
    - Estimated number of eligible patients for each stratum in a given month
    - Estimated number of sampled patients for each stratum
    - A plan for sampling a minimum of 10 eligible discharges in each stratum
Exception Request (cont’d)

• Appeals process for unapproved exception
  – Written notification with explanation provided by HCAHPS Project Team
  – Hospital/Survey vendor has five business days to appeal an unapproved exception
  – Use Exception Request Form
Discrepancy Report

- Notification of deviations from HCAHPS data collection protocols
  - Examples: missing eligible discharges from a particular date or computer programming issues that caused an otherwise eligible discharge to be excluded from the sample frame

- Discrepancy Reports must be submitted by survey vendors on behalf of their contracted hospitals
  - It is strongly recommended that survey vendors notify their client hospital prior to or upon the submission of a Discrepancy Report
Discrepancy Report (cont’d)

- Complete and submit report immediately upon discovery of issue(s)
  - Provide sufficient detail
    - Hospital name and CCN
    - How issue was discovered
    - Average monthly eligible count
    - Number of eligible discharges affected
    - Average monthly sample size
    - Number of sampled patients affected
    - Corrective action plan
    - Specific time period affected
    - Other details and information, including initial and follow up DR numbers
HCAHPS Survey
DISCREPANCY REPORT FORM

Section 1 is to be completed by the organization submitting this form. The requested information regarding the affected hospitals must be provided in Section 4 in order to complete the HCAHPS Discrepancy Report. THIS FORM MUST BE SUBMITTED ONLINE (www.hcahpsonline.org). All required fields are indicated with an asterisk (*). Enter “To be updated” in “*” required fields, only if an updated Discrepancy Report submission will be necessary.

Indicate whether this report is an Initial Discrepancy Report or an Updated Discrepancy Report.

- Initial Discrepancy Report * (Must be submitted within 24 hours after the discrepancy has been discovered.)
- Updated Discrepancy Report * (If needed, must be submitted within two weeks of initial Discrepancy Report submission: * Initial Discrepancy Report ID: *)

1. General Information

   Unique ID  Submission Date  1a. Name of Organization submitting Discrepancy Report *

1b. Type of Organization: *
   Check one:
   - Survey Vendor
   - Multi-Site
   - Self-Administering Hospital
   - Hospital Contracted with a Survey Vendor:
     Name of Survey Vendor
   - Other

4. List of Hospitals Applicable to this Discrepancy

4a. Total number of Affected Hospitals: *

4b. Add the information for the affected hospitals by populating the following 10 fields. A hospital may be added more than once if there are multiple time frames for the hospital. It is important that the effects of the Discrepancy Report are quantified; however “unknown” will be accepted as a valid response.

Note: Please print completed Discrepancy Report form before submitting.

Print Discrepancy Report  Submit Form

This form must be submitted online via the HCAHPS Web site (www.hcahpsonline.org).
Discrepancy Report (cont’d)

• Review Process
  – The Discrepancy Report(s) will be thoroughly reviewed by the HCAHPS Project Team, therefore there may be a delay before results of review are communicated
  – Review(s) may result in assignment of footnotes to publicly reported results
  – Additional information may be requested
  – Notification of review outcome
Oversight Activities
Introduction to HCAHPS Survey Training

Overview

• Purpose of Oversight
• Description of Oversight Activities
• Quality Assurance Plan (QAP) Requirements
• On-Site Visits and Conference Calls
• Oversight and Compliance
Purpose of Oversight

• To ensure **compliance** with HCAHPS protocols
• To ensure that all data collected and submitted are complete, valid and timely
• To ensure standardization and transparency of publicly reported results
• *Increasing scrutiny with Hospital VBP*
Description of Oversight Activities

• The HCAHPS Project Team (HPT):
  – Reviews Quality Assurance Plans
  – Reviews survey materials
  – Analyzes submitted data
  – Conducts on-site visits and conference calls
Quality Assurance Plan

- Documents understanding, application and compliance with HCAHPS protocols
- Serves as an organization-specific guide for administering and training project staff to conduct the HCAHPS Survey
  - Describes role of subcontractors, if any
- Must reflect *actual* survey processes and practices
- Provides a guide for the HPT on-site visit or call
- Ensures high quality data collection and continuity in survey processes
Introduction to HCAHPS Survey Training

Quality Assurance Plan (cont’d)

• New QAP submitted after participation approval by CMS as self-administering hospital, hospital administering multiple sites or survey vendor

• QAP must be updated annually and when changes in key events or key project staff occur

• HPT "accepts" the QAP
  – Acceptance does not imply approval of data collection processes
Introduction to HCAHPS Survey Training

On-site Visits/Conference Calls

• Purpose: To ensure compliance with HCAHPS Survey protocols
  – Visits and calls are scheduled by the HPT

• Site visits must be conducted at formal business locations

FY 2014 IPPS Final Rule codified that:

“Approved HCAHPS survey vendors and self-administering hospitals must fully comply with all HCAHPS oversight activities, including allowing CMS and its HCAHPS Project Team to perform site visits at the hospitals’ and survey vendors’ company locations.”
On-site Visits/Conference Calls (cont’d)

- HPT reviews survey systems, resources and facilities
- Discussions with project staff, *including subcontractors*
  - HCAHPS Project Manager/Director must be physically present during the site visit
- All materials related to survey administration are subject to review
  - Including survey forms, letters, outgoing survey envelopes, scripts, screen shots, monitoring procedures and practices, etc.
- HPT also reviews reports that survey vendors produce for client hospitals
On-site Visits/Conference Calls (cont’d)

- **Feedback Report** will include the HPT’s observations on topics including:
  - Survey administration
  - Data preparation, specifications, coding and submission
  - Data quality checks
  - Staff training
  - Action items for follow-up

- Documentation of any corrections is required
- Follow-up review may occur
Analysis of Submitted Data

• Each quarter, the HPT carefully examines all data submitted to HCAHPS warehouse
  – Outliers, anomalies, trends, unusual patterns, etc.

• High rates of missingness

• Unusually high/low response rates

• High rates of “break-offs”

• Contact hospitals/survey vendors regarding submitted data and HCAHPS scores, as necessary
HCAHPS Oversight

• If a hospital (or its survey vendor) fails to adhere to HCAHPS protocols, it must develop and implement corrective actions
  – Footnotes may be added to publicly reported HCAHPS scores, as appropriate

• If problems persist, the hospital may not qualify as meeting the Annual Payment Update (APU) requirements for HCAHPS
  – The hospital’s APU may be jeopardized
  – Possible consequences for Hospital VBP

• Survey vendors that are non-compliant with HCAHPS protocols may lose their approval status
HCAHPS Oversight (cont’d)

• HCAHPS and **Hospital VBP** Program
  – With pay-for-performance (Hospital VBP), increased scrutiny and greater emphasis on compliance for:
    • All participating hospitals
    • Multi-site hospitals
    • Survey vendors
HCAHPS Oversight (cont’d)

- A participating hospital should:
  - Work closely with its survey vendor (if using one)
  - Monitor HCAHPS Warehouse Feedback Reports
    • Including Review and Correct Period
  - Read the HCAHPS QAG
  - Visit the HCAHPS Web site for news, updates and announcements
  - Comply with all HCAHPS oversight activities
Introduction to HCAHPS Survey Training

Next Steps

• Hospitals/Survey vendors:
  – Complete training requirements as outlined in the Training Instructions
  – Submit Program Participation Form
    • March 1–22, 2019
  – If approved:
    • Submit QAP and survey materials
    • Submit QNet Registration Form
    • Begin data collection
    • Monitor Submission/Feedback Reports
    • Participate in future HCAHPS Update Training
    • Monitor our Web site http://www.hcahpsonline.org
    • Contact us
